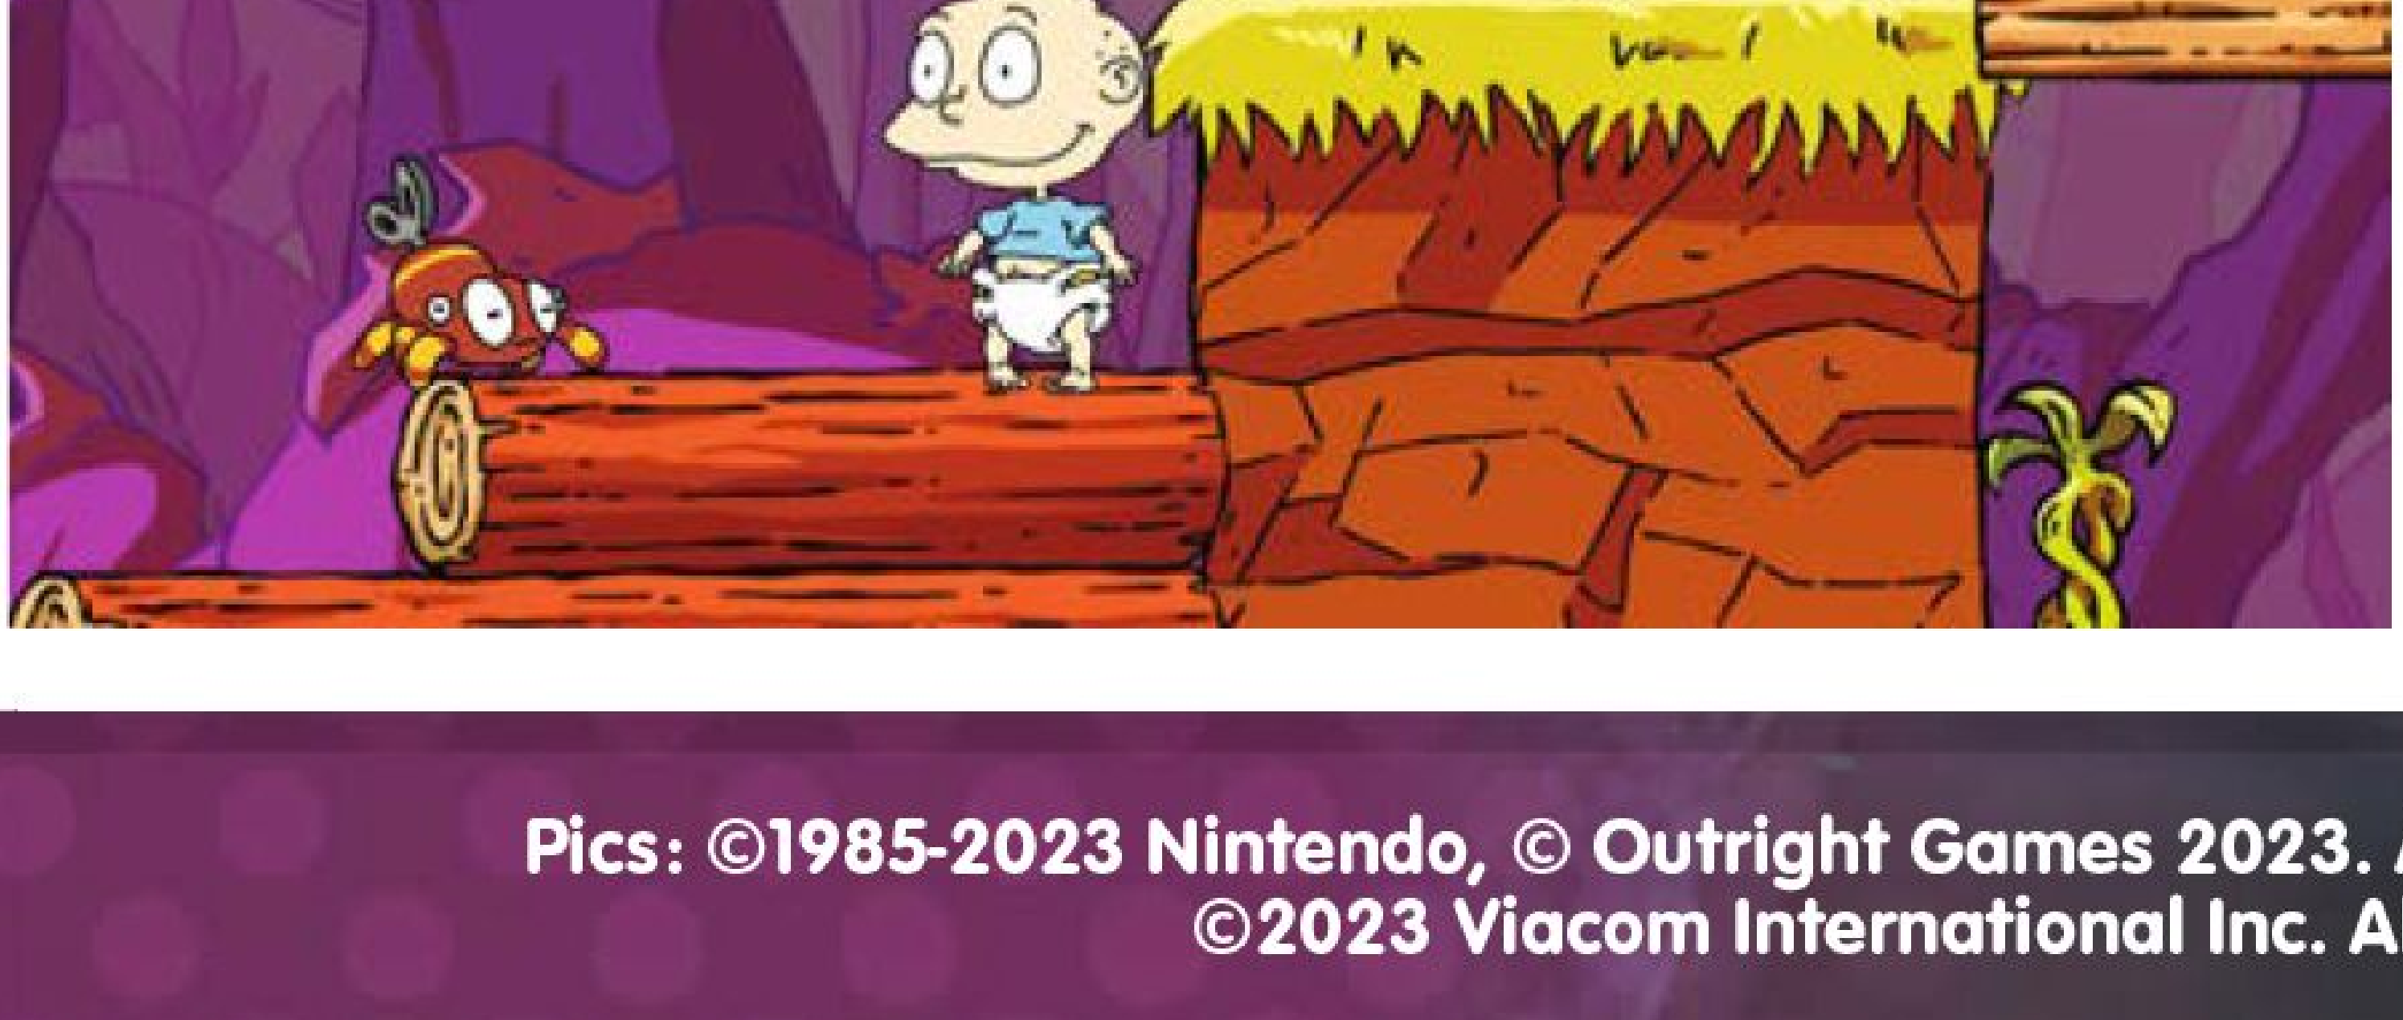
RUGRATS:
ADVENTURE IN GAMELAND



● This classic cartoon is getting a brand-new game with an old-school look! NEW YEAR NEW GAME

NEW POKÉMON GAMES

● While nothing has been announced so far, we're sure 2024 will bring a new Pokémon game our way! It's unlikely we'll see a new core series game until at least 2025, but there could be a remaster or a brand-new spin-off in the works. Rumour has it, the next game will have something to do with the Unova region and be set in the future! Could it be a Black and White remake? Whatever it is, we can't wait to find out!

BATTLE CRUSH

COMING THIS SPRING!

● Prepare for battle! Up to 30 players must duke it out in the arena, but only one can win. Are you up for the challenge? With combos to master, treasure to find and mythic weapons to obtain, we can't wait to step into the arena and crush the battlefield!

LUIGI'S MANSION 2 HD

OUT SUMMER 2024

● Another Nintendo remake for 2024, Luigi's Mansion 2 is back and better than ever! This HD remaster brings the spooktacular 3DS game to the Switch and will be perfect for keeping us busy while we cross our fingers and hope for a Luigi's Mansion 4 announcement soon!

MARIO VS. DONKEY KONG

TURN TO P22 TO FIND OUT MORE!

● This tale of toy theft and rivalry started out on the Game Boy Advance, but it's now making its way to the Switch in February! Donkey Kong has stolen all the Mini-Mario toys from the factory, so it's up to you to take on puzzling platforming stages, stop DK, and save the toys!

MULTIVERSUS

● We've been patiently waiting for the MultiVersus relaunch ever since it was taken offline at the start of summer – and now it's returning in early 2024! This 2v2 fighter is super-fun and we love all the crazy, chaotic characters that you can choose from. We hope the relaunch adds even more heroes into the mix, like Harry Potter, The Flash, Daffy Duck or even Barbie!

LEVEL UP!

SNEAK YOUR WAY TO VICTORY!

EASY DOES IT!

★ It's tempting to dive into the action, but your best bet is to take it slowly. In **Among Us**, this lets you figure everything out, from spotting patterns in other players' movements to finding useful hiding places!

DISTRACT

★ Whether you're playing **Hello Neighbor** or **Rainbow Friends**, distractions are so important to let you sneak past undetected. If you know the map well, you can use your surroundings to your advantage!

KEEP THE NOISE DOWN

★ If you want to keep a low profile in games like **Fortnite**, choose which weapon to use carefully. If you think a noisy weapon is worth the risk, make your shot count – otherwise you're gonna alert other players to your location!

WAYS TO WIN!

Not getting the W? Why not try...

Keeping your cool!

If things don't go according to plan, try not to panic. When you start feeling flustered, this is when you're more likely to make mistakes. If you can keep your cool, you'll be more likely to succeed!

BEST BAT

Batman is the protector of Gotham City but he's not your average superhero. In fact, he doesn't even have any powers! But what our fave Bat lacks in superhuman power, he makes up for with his epic combat skills and crazy, high-tech gadgets!

GREAT GAMES

From LEGO Batman to MultiVersus and even Fortnite, there are so many epic video games starring the Caped Crusader and his super mates! He was even brought to life in LEGO Dimensions where you could use an IRL Batman LEGO Minifigure to control your character in the game!

COOL COMICS

The World's Greatest Detective made his first appearance in a comic book, all the way back in 1939 – 85 years ago! Since then, Batman has gone on to star in thousands of different comics, books, movies, games, cartoons and more!

HERO HELP

Batman has loads of awesome superhero friends, like Superman, Wonder Woman and The Flash, and together they become the Justice League, a super squad dedicated to saving the world! He even has a superhero apprentice, Robin, who Batman trains to be a hero – just like him!

PRINCESS PEACH: SHOWTIME!

GENRE: ACTION-ADVENTURE SYSTEM: NINTENDO SWITCH

Lights, camera, action! The **Mushroom Kingdom** monarch will soon take to the stage in her brand-new adventure, **Princess Peach: Showtime**!

The wicked **Grape and the Sour Bunch** make an unwanted appearance at the **Sparkle Theatre** turning the perfect performance into a tragedy. **Princess Peach** must use the power of the ribbon given to her by the theatre's guardian, **Stella**, to save the performers!

The different worlds you visit are different plays which is an interesting touch. From the trailers, it looks like **Peach** transforms going from one set to the next. The same way each floor in **Luigi's Mansion 3** offers gamers something different, it seems like each transformation could offer new gameplay mechanics.

From a swordfighter with slick swordplay to a detective ready to crack the case, it looks like this game has so much variety to offer. Knowing **Peach** has more stolen shows to save, we can't wait to see what other showstopping transformations await behind the curtain!

Little is currently known about **Grape and the Sour Bunch**, but it looks like they fit in well with the theatrical theme of the game. Could this unique new villain be **Peach's** evil doppelgänger or is it simply a story of jealousy and revenge? It looks like we'll need need to play to find out!

The last time **Princess Peach** had a solo adventure was in **Super Princess Peach** for the **Nintendo DS** in 2005. Her newest adventure has been a long time coming, but we think it'll be worth the wait!

TRANSFORMERS: EARTHSPARK - EXPEDITION

GENRE: ACTION-ADVENTURE SYSTEM: PS4, PS5, XB1, XBSX/S, NS, PC

Bumblebee is back in action to put a stop to Mandroid who plans on becoming the ultimate evil cyborg in Transformers: EarthSpark - Expedition!

In his greatest mission yet, you'll reclaim ancient Cybertronian technology before Mandroid and his henchbots try using them to destroy cities across the globe. With guidance from Optimus Prime, you'll become strong enough to defeat the robotic enemies. Fans of the animated series will enjoy this game as it feels like you're playing in the cartoon. If you don't know your Autobots from your Decepticons, there's still a lot of fun to be had – especially since the controls are super-easy to master. At times we felt the dialogue could be a bit lengthy and we were eager to carry on with the quests. However, what the game does well is how smoothly you can switch between Bumblebee's two forms, which makes exploring fast-paced and fun!

ASTERIX & OBELIX: HEROES

Uh-oh, the Romans have invaded Gaul and it's up to you, your team of heroes, and your deck of cards to save the day!

When you start your adventure, you'll be placed on a board game-style map where you can pick which direction you want to head. But choose carefully, you can't go back the way you came, so if you pick the wrong route, you could miss a star to collect, a treasure chest or a campfire to rest at. You can always replay the chapter to bag missing stars and treasure chests, but if you miss the chance to heal or boost motivation at a campfire, it could make your next battle a little bit harder.

As you take on different enemies in RPG-style turn-based battles, you'll quickly get to grips with your deck of cards and what they all do. Although the first few battles are a bit simple and repetitive, as you progress through the game, you can start to employ more strategies by collecting new cards, customising your deck, unlocking different heroes and trying out battle tactics.

If you're new to card-based RPG-style games, then Asterix & Obelix: Heroes is a solid introduction to the genre and will have you thinking up new ways to win.

YOUR SCORE:

Think Slime Rancher and Stardew Valley but throw in some super-cute dinosaurs, and you've got Paleo Pines!

As your best dino friend outgrows your home, you decide to move to an old ranch to give your bestie space to roam around. But the place needs some work done to become your dream home! You can buy, trade, harvest, and find materials to transform your ranch, but it won't happen overnight. Paleo Pines doesn't use a real-time clock (like Animal Crossing) so if you want to speed things up, you can call it a day and go to bed whenever you like!

What makes Paleo Pines different from other farming sims, is the ability to discover and befriend dinosaurs. Using your flute to grab their attention and win them over adds to the cosy vibe of the game.

Although there are similar games out there, Paleo Pines is a great option if you're looking for something new. There are lots of quests and storylines and building your ranch doesn't feel like as much of a grind as it can in other games. If cosy gaming is your thing, you're sure to enjoy Paleo Pines – especially if you love dinosaurs as much as we do!

OUR HYPE RATING 9

YOUR HYPE RATING

Ever dreamed of running your own football team? Then FM24 is the game for you!

This year's instalment is packed with loads of new tools and features, designed to help you lead your club to victory. If you want to build the best team possible, buying new players is super-important, so FM24 has given the recruitment and finance side of the game a huge overhaul, creating a smarter and more realistic experience.

They've also introduced an Ask the Agent feature to help you make the best decisions when it comes to selling players, too.

You can also help boost your squad by setting players different targets, giving them areas to focus on and improve in, from increased goal scoring to maintaining clean sheets. This combined with the introduction of Set Piece Coaches, can really add to the development of your squad, and keep your managerial tactics fresh.

The Football Manager series might have been around for a while now, but each year the game gets better and better and we're sure FM24 is no exception! We can't wait to see how all the new features help us take our club to the next level.

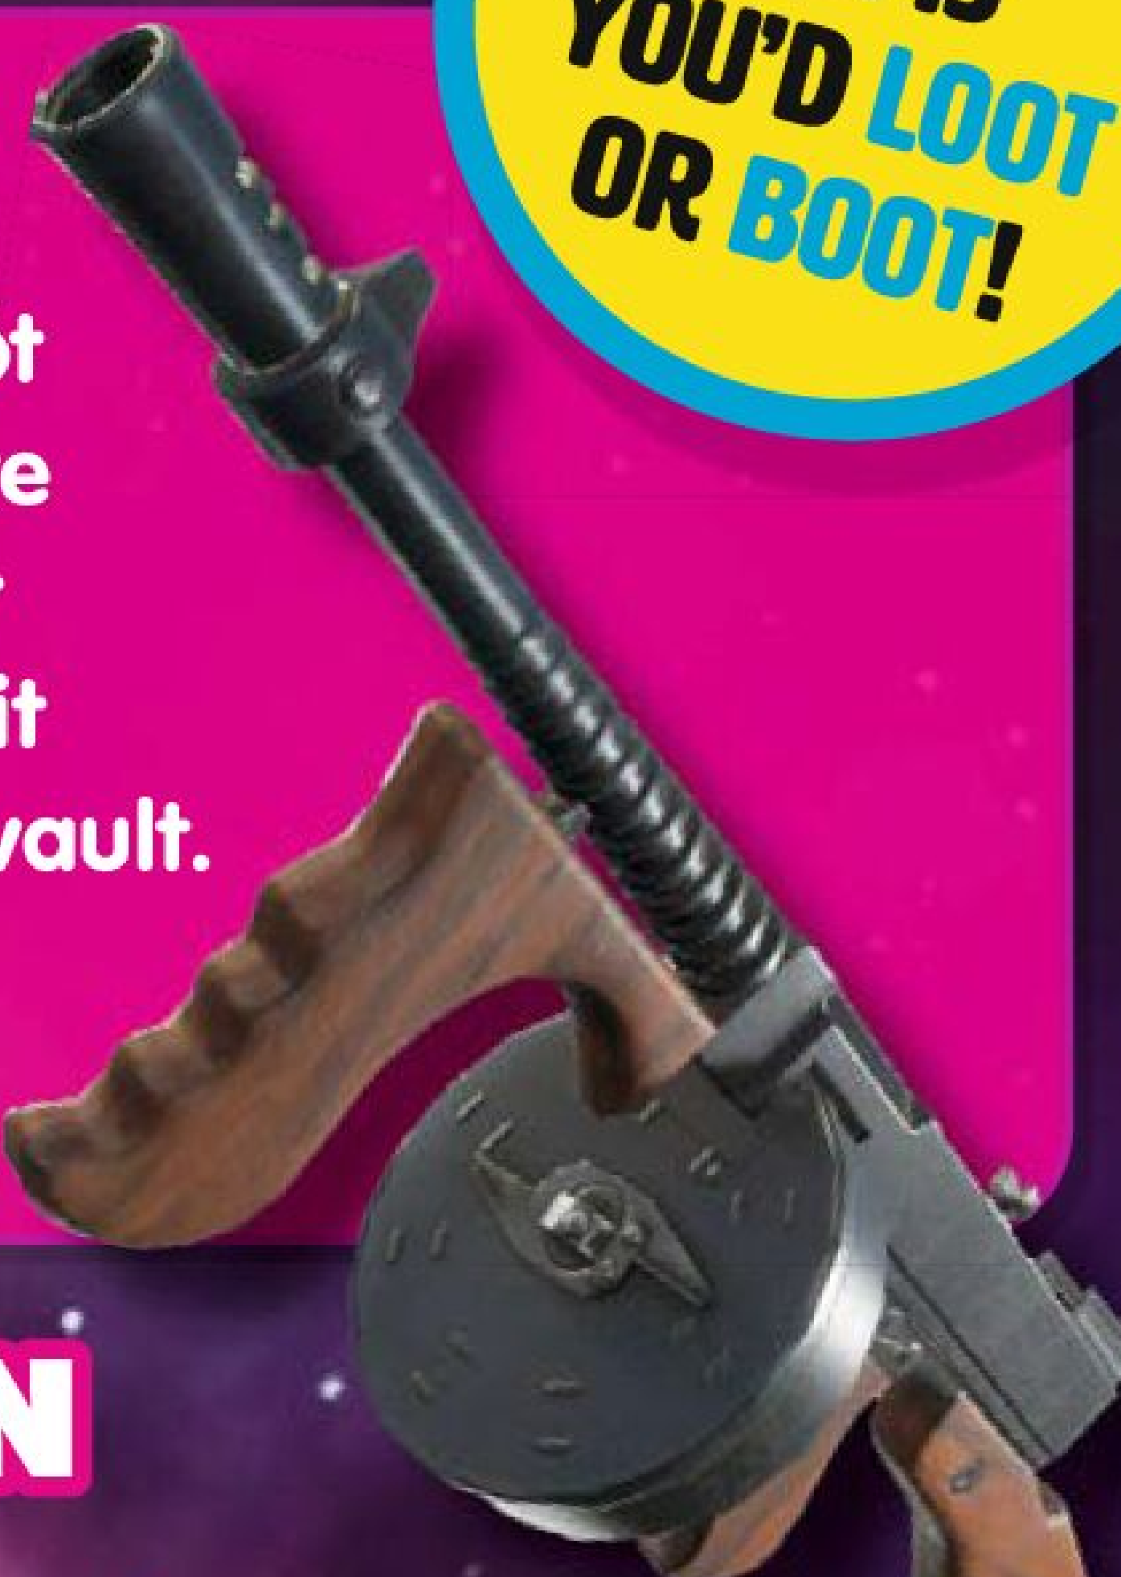
TICK THE ITEMS YOU'D LOOT OR BOOT!

GRAPPLER

★ Not only does the Grappler have a cool design – it gave players the freedom to quickly move around The Island and scale great heights!

LOOT ☐ BOOT ☐



DRUM GUN

★ This weapon could do a lot of damage with its rate of fire – making it too powerful! But with a few tweaks, we think it deserves to come out of the vault.

LOOT ☐ BOOT ☐

DUAL PISTOLS

★ Dual Pistols have made an appearance out of the vault before, but we'd love for them to stick around a bit longer next time!

LOOT ☐ BOOT ☐

PUMP SHOTGUN

★ Maybe this will be the year the pump shotgun makes a comeback! It was great for close combat and no other weapon felt quite like it.

THE DOS & DON'TS OF...

DO

USE THE MAP!

The map in Pikmin 4 is incredibly detailed and even more useful! The map shows you locations of cave entrances, Dandori battles, resource piles and more. It's easy to forget where something is, so use the map!

WATCH THE CLOCK!

You only have so long in each in-game day before you must return to base. Start each day with a goal or objective in mind and focus on that. That way, you'll waste less time going back and forth and won't lose Pikmin to the night!

PICK YOUR PIKMIN!

Each Pikmin type has a strength and weakness. Consider which Pikmin will help you best in each task when choosing your squad at the start of the day. If unsure, check your Piklopedia for more info on what they can do!

DON'T

JUST RIDE OATCHI!

Oatchi is so much more than just a ride! He can dig, carry, and herd your Pikmin while you do other things. By training Oatchi at the main base, you can make him an awesome ally to your adventures!

CHARGE IN!

When you meet a new enemy type, don't just charge in! Take things slower and see how they behave. You might find a weakness, or opportunity to attack, which will make defeating your enemies much easier!

RUSH THROUGH CAVES!

When in caves, time barely moves on the surface so there's no need to rush. Caves also often hide high value treasure that you don't want to miss! Take your time, explore, and find every collectible you can. You can even do multiple caves in one day!

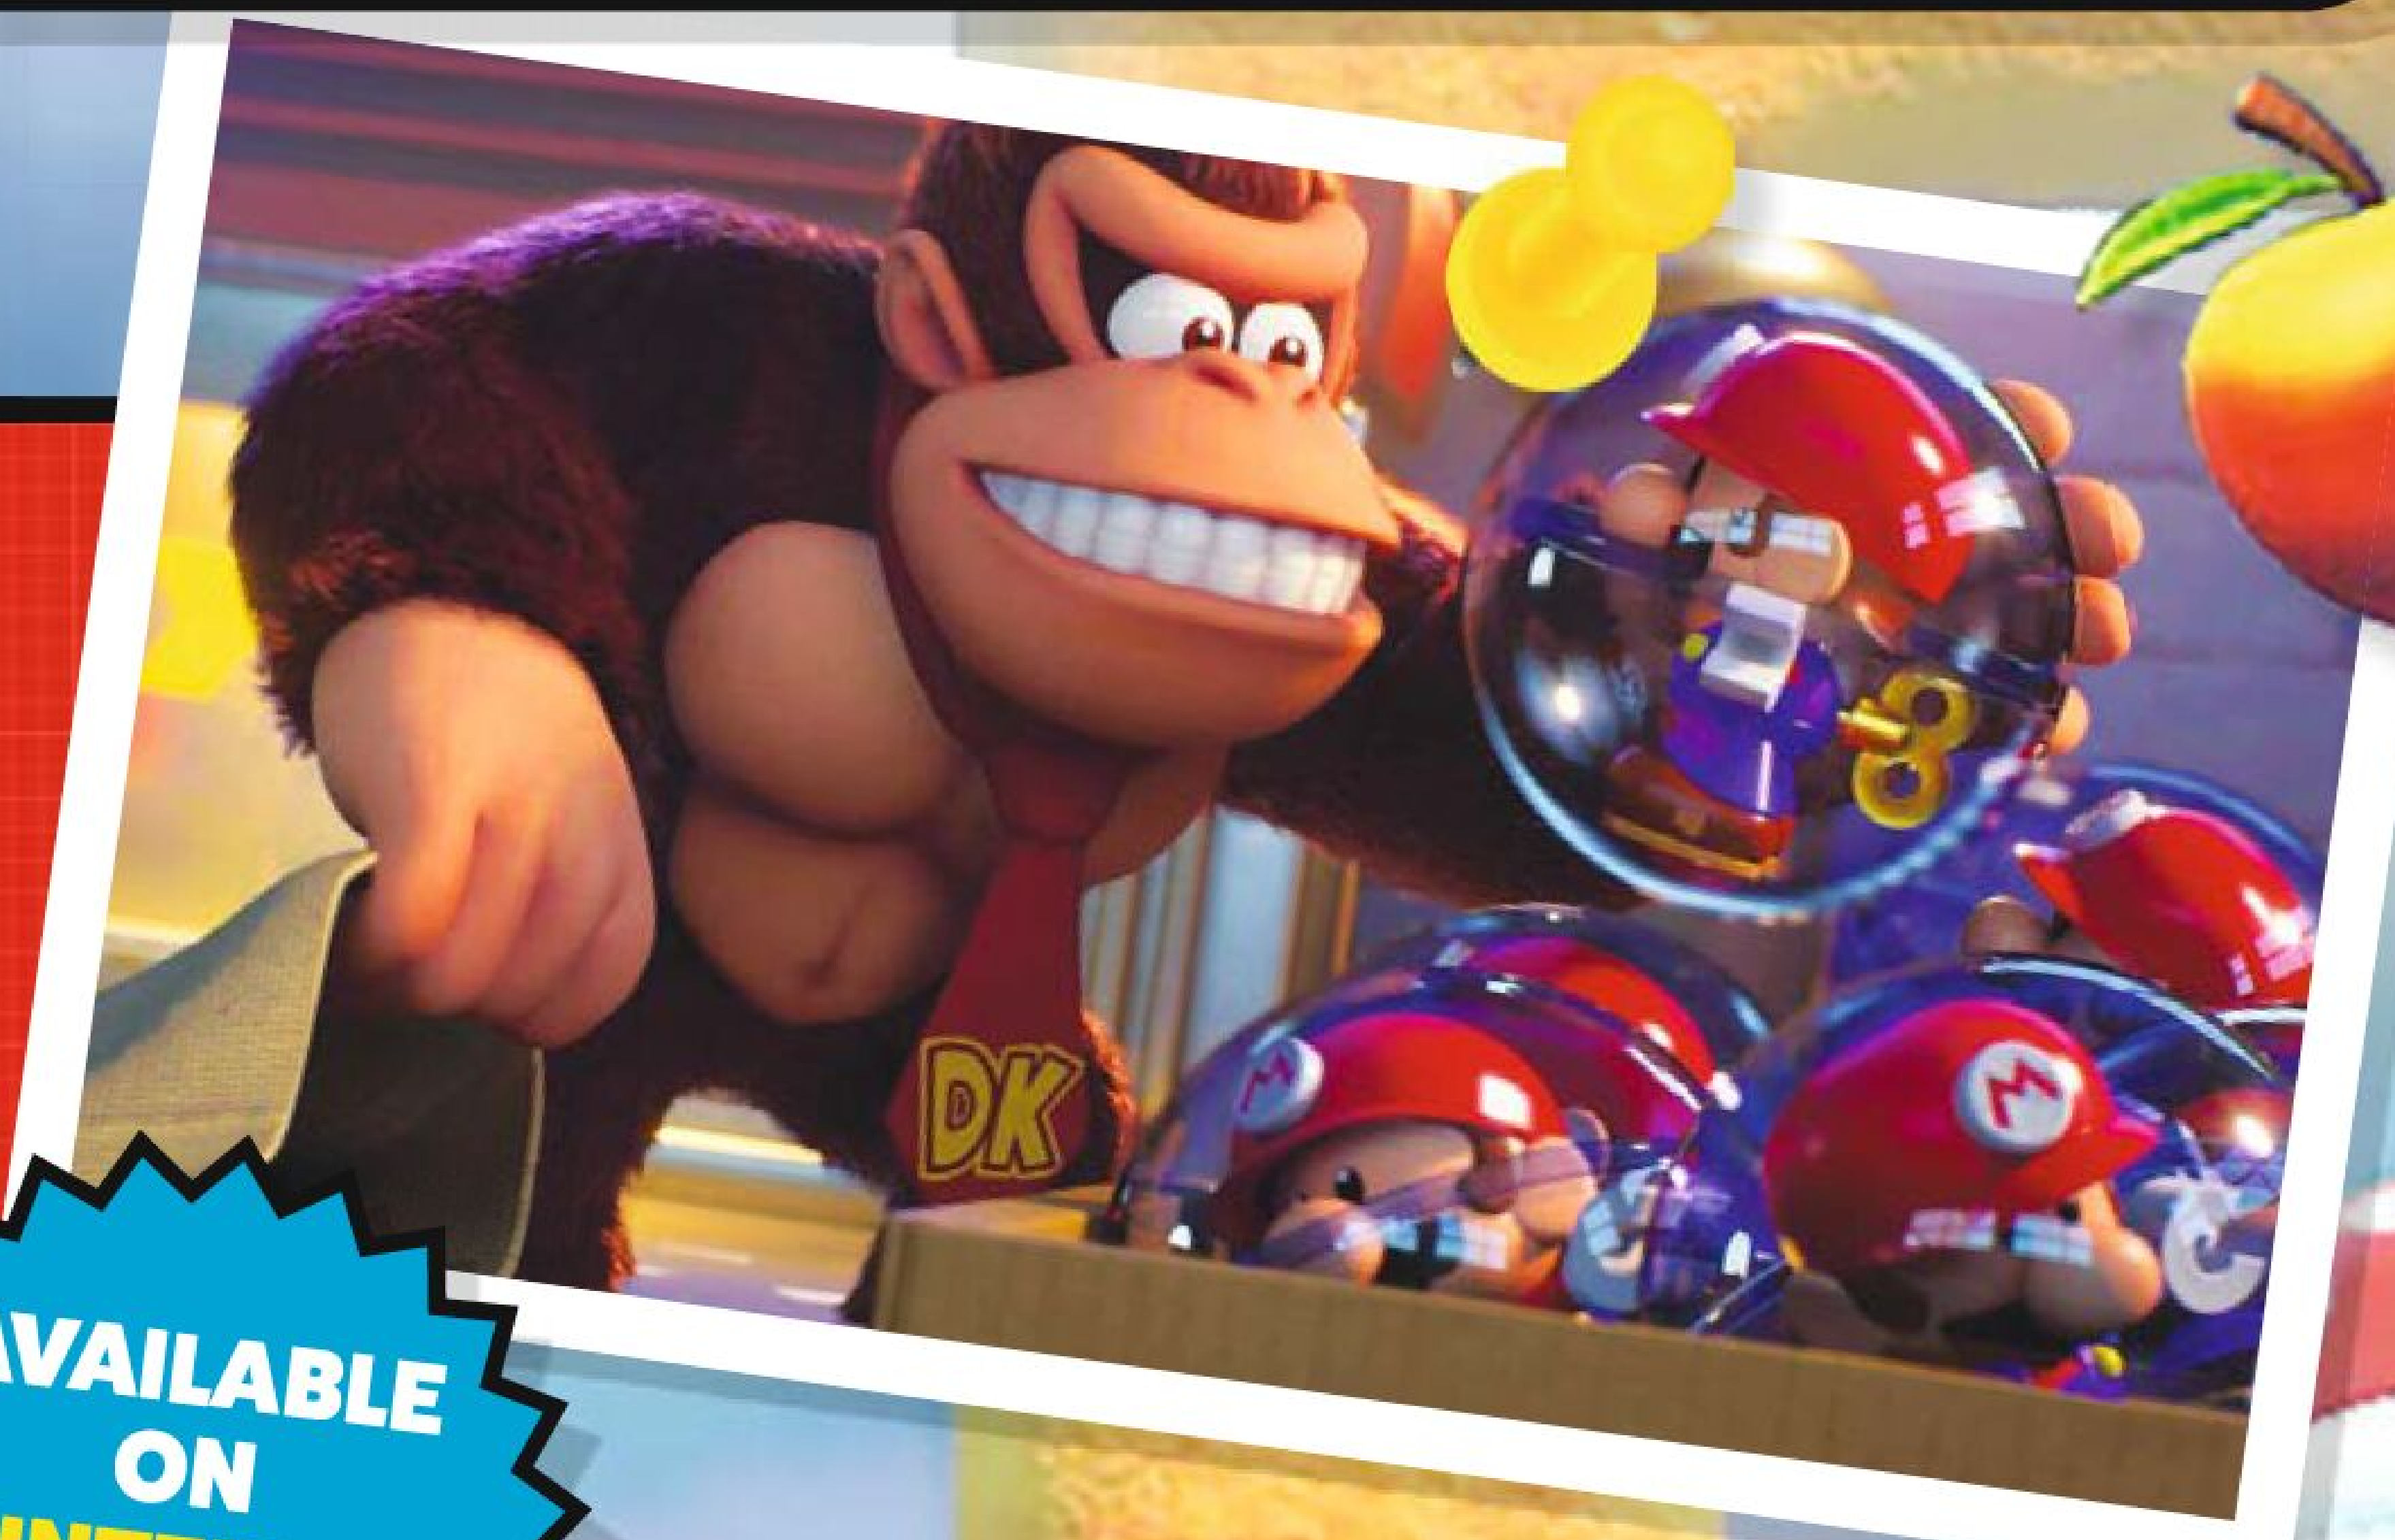
TOY TIME!

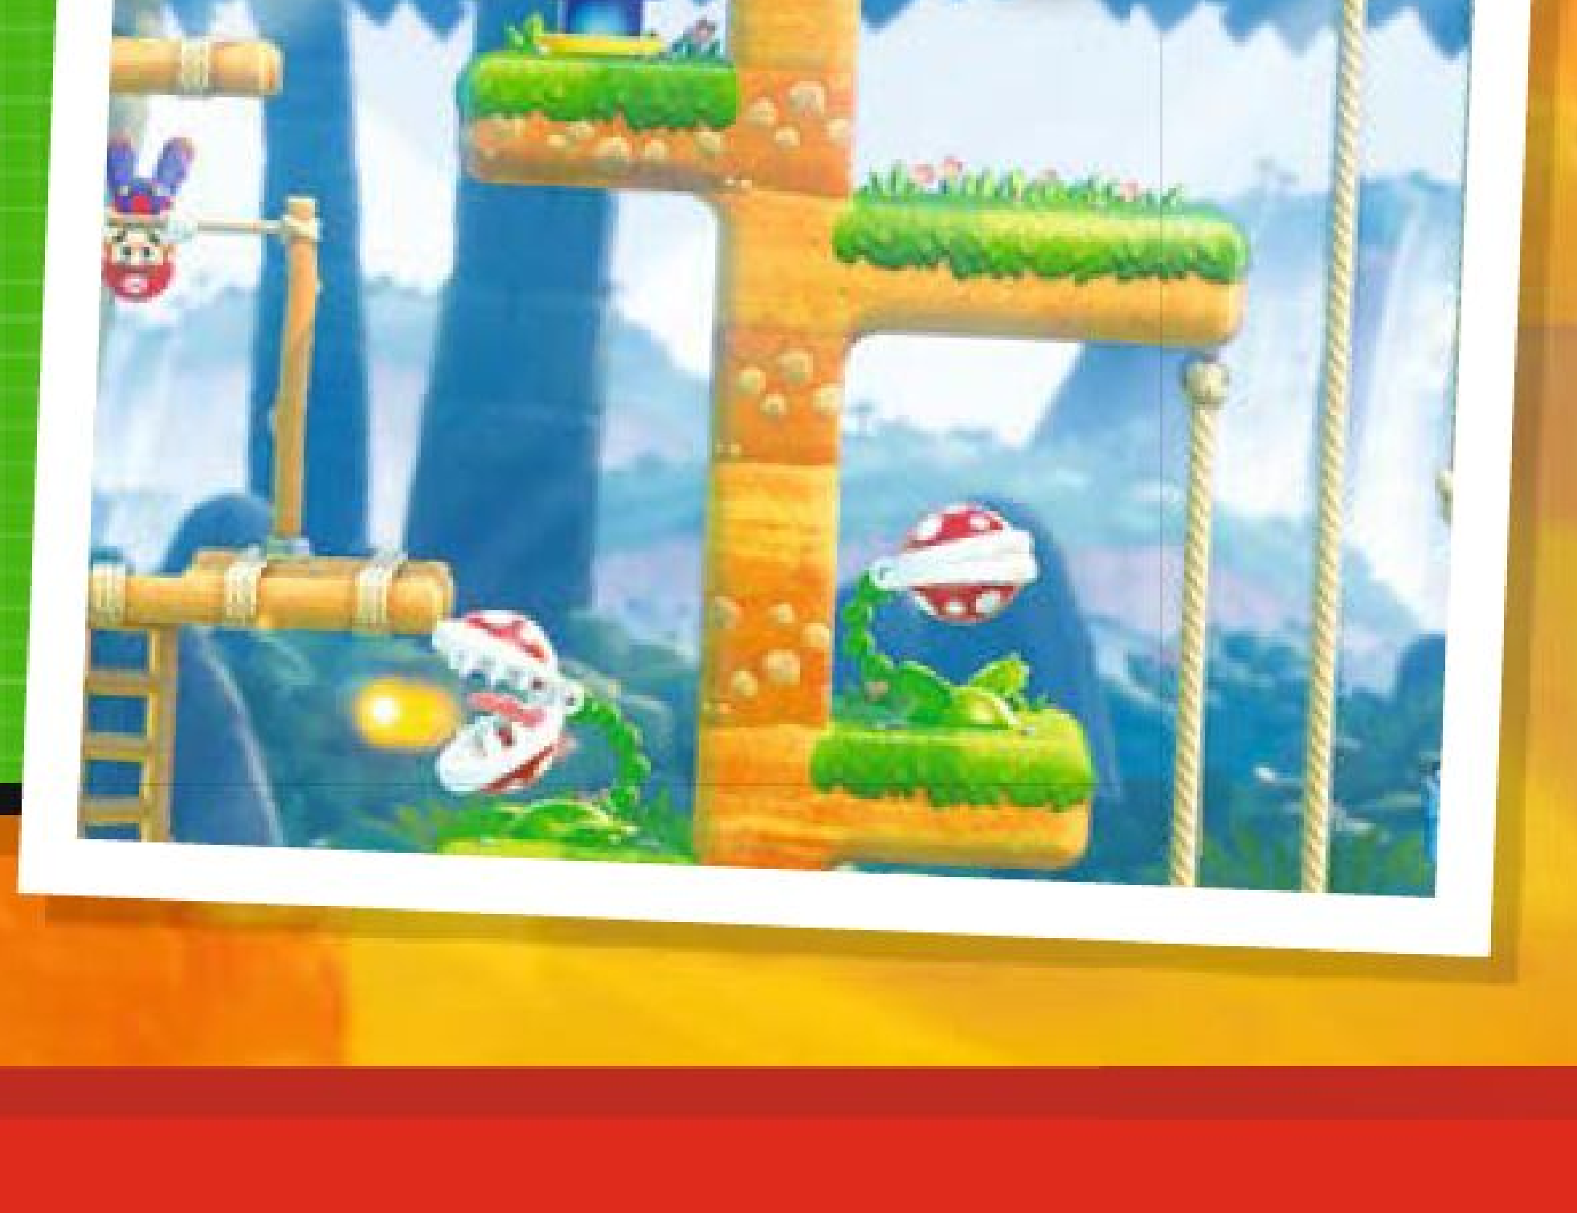
● Uh-oh! Donkey Kong's got his eye on the Mini-Mario toy, but they're all sold out... so, he steals them all! It's up to Mario to take on Donkey Kong and round up all the stolen toys in this awesome remastered version of the famous Game Boy Advance game.



AVAILABLE ON NINTENDO SWITCH FEB 16!

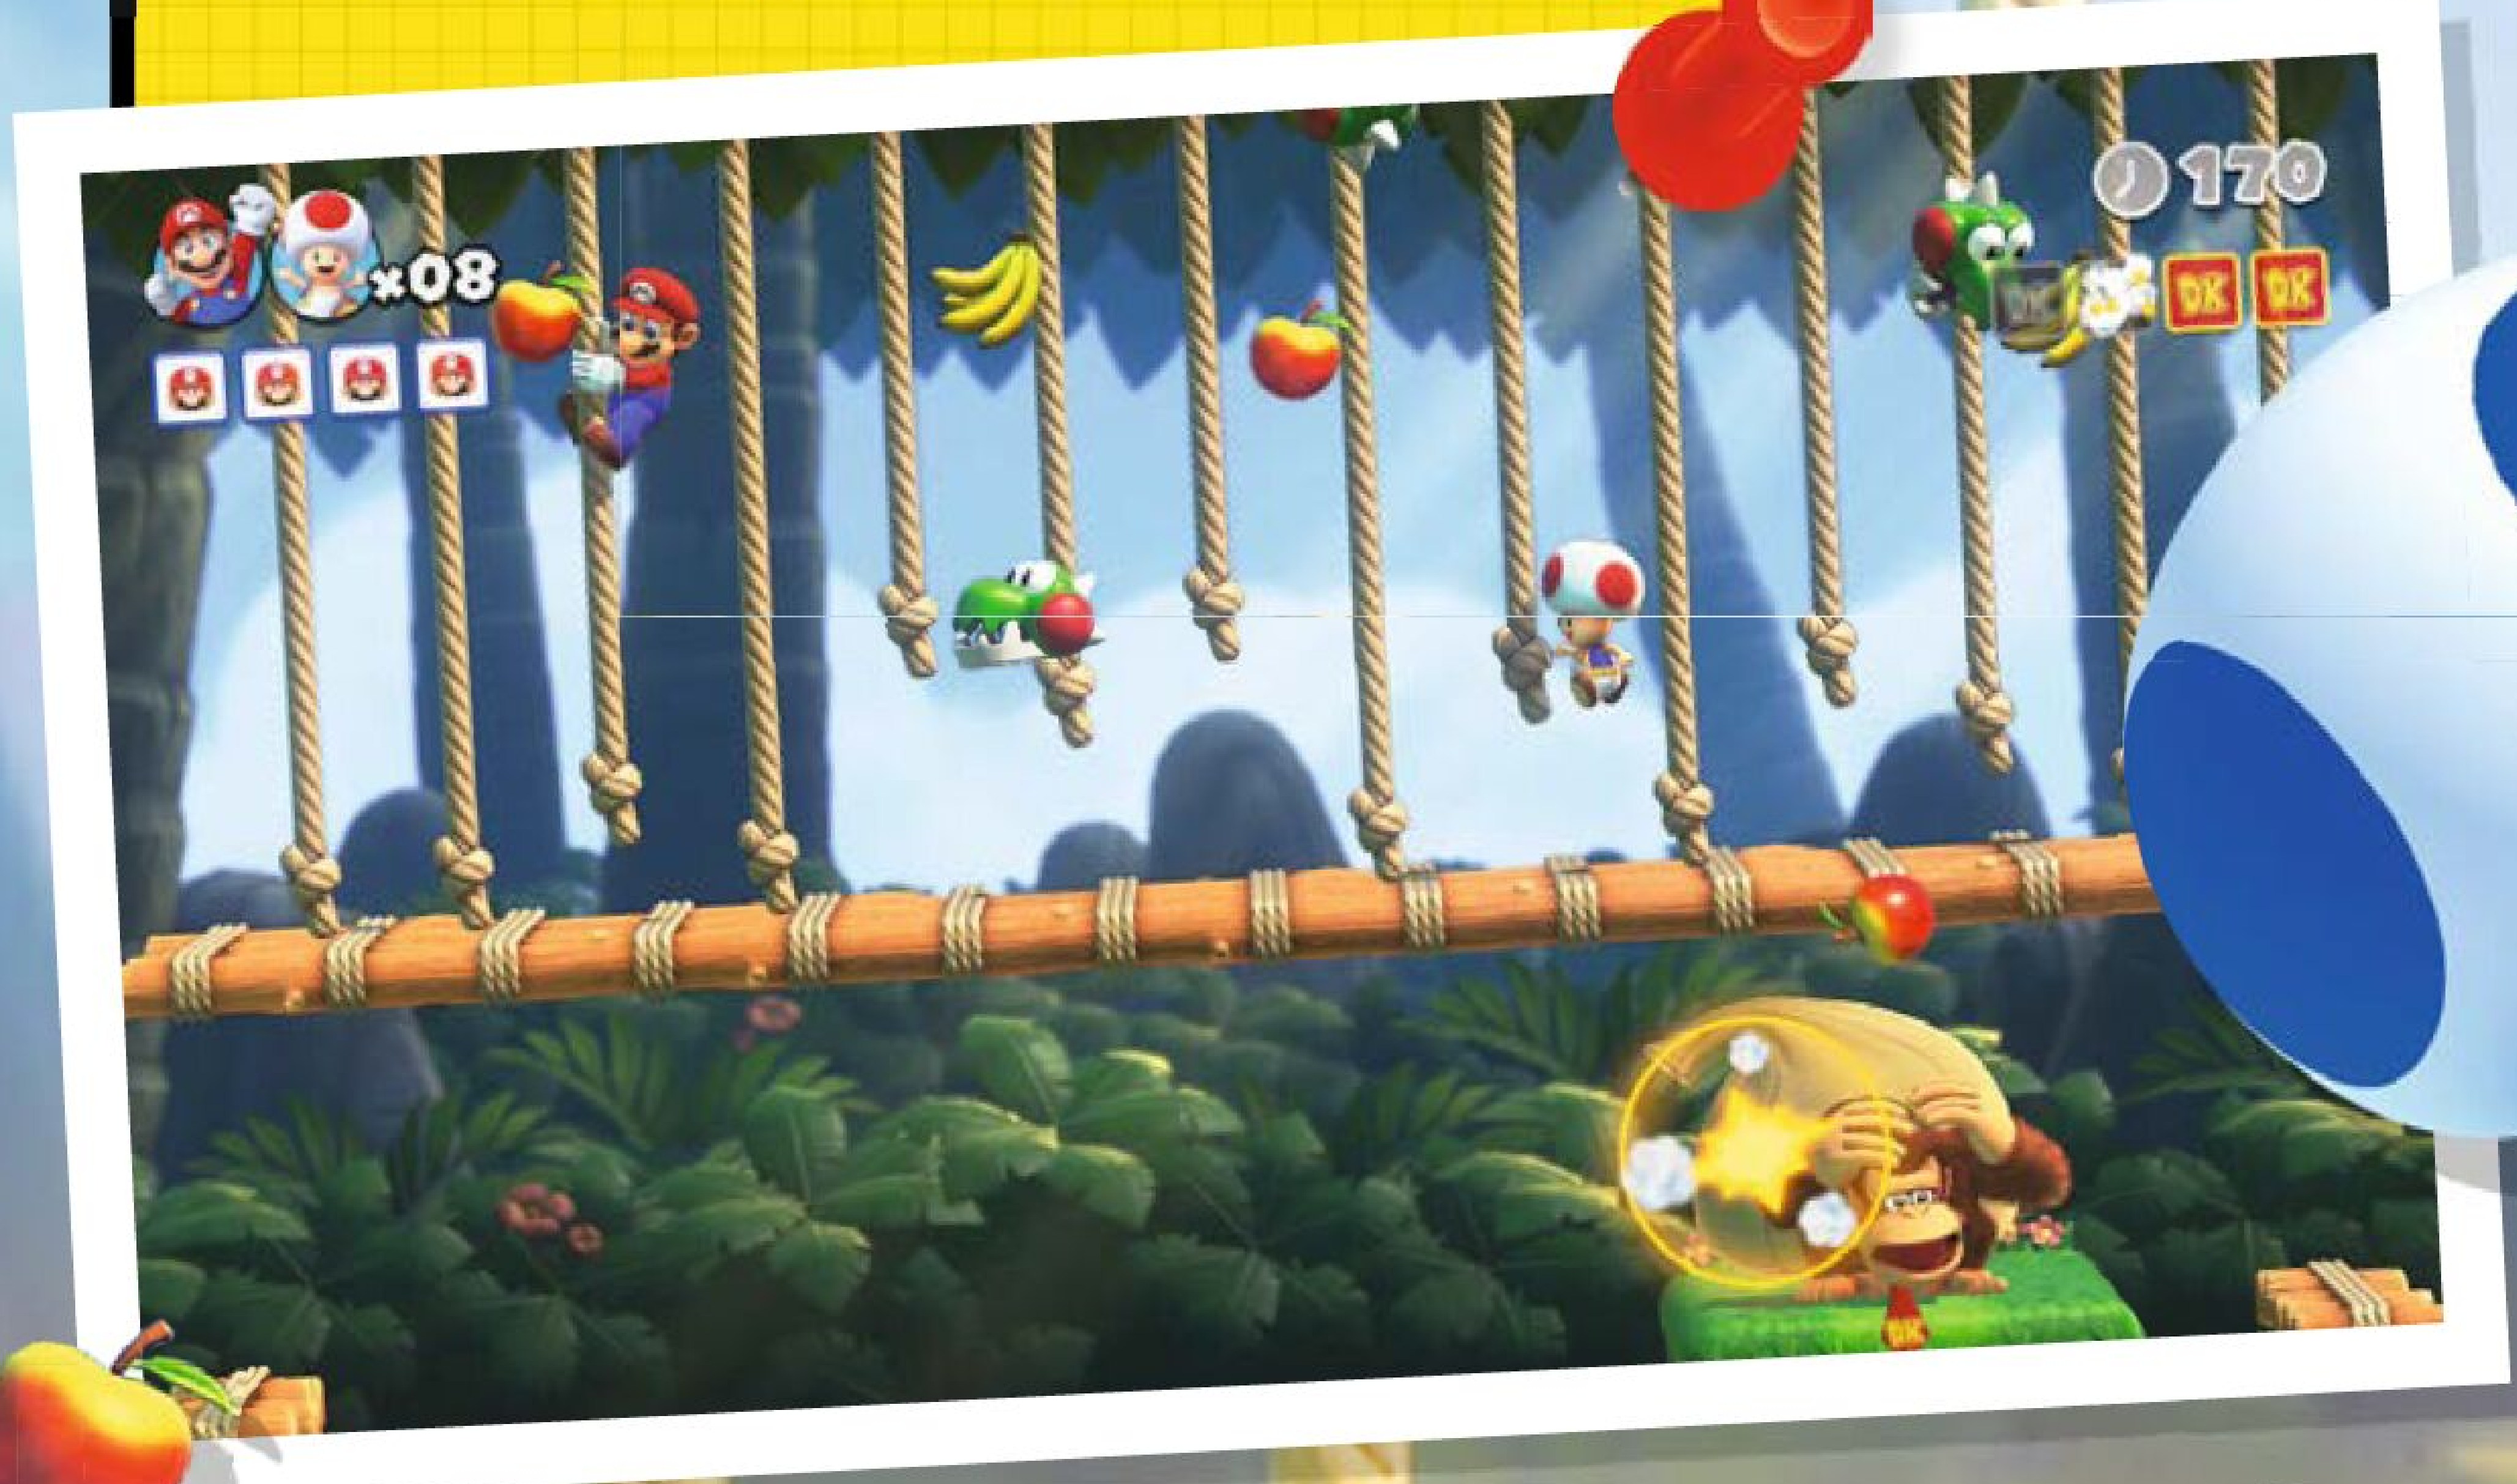
PUZZLIN' PLATFORMS!

● While MvsDK is a platformer, don't expect it to be all running and jumping – there are plenty of puzzles for you to solve to complete each stage! You'll need to get your thinking cap on if you want to find the keys and face Donkey Kong.



TEAM TOAD!

If you're finding a level challenging, you can tag in a mate! With local two-player co-op, you can bring in a friend or family member to play as **Toad**, to help you grab the key and complete the level. Teamwork makes the dreamwork!



WATCH AND LEARN!

You'll need to think outside of the ? box if you want to ace this game! If you're stuck, try watching what's happening around you. What happens when you press that button? Can I grab that monkey's tail? It'll take a bit of trial and error to boss these levels, but it'll feel so good when you crack the puzzle!

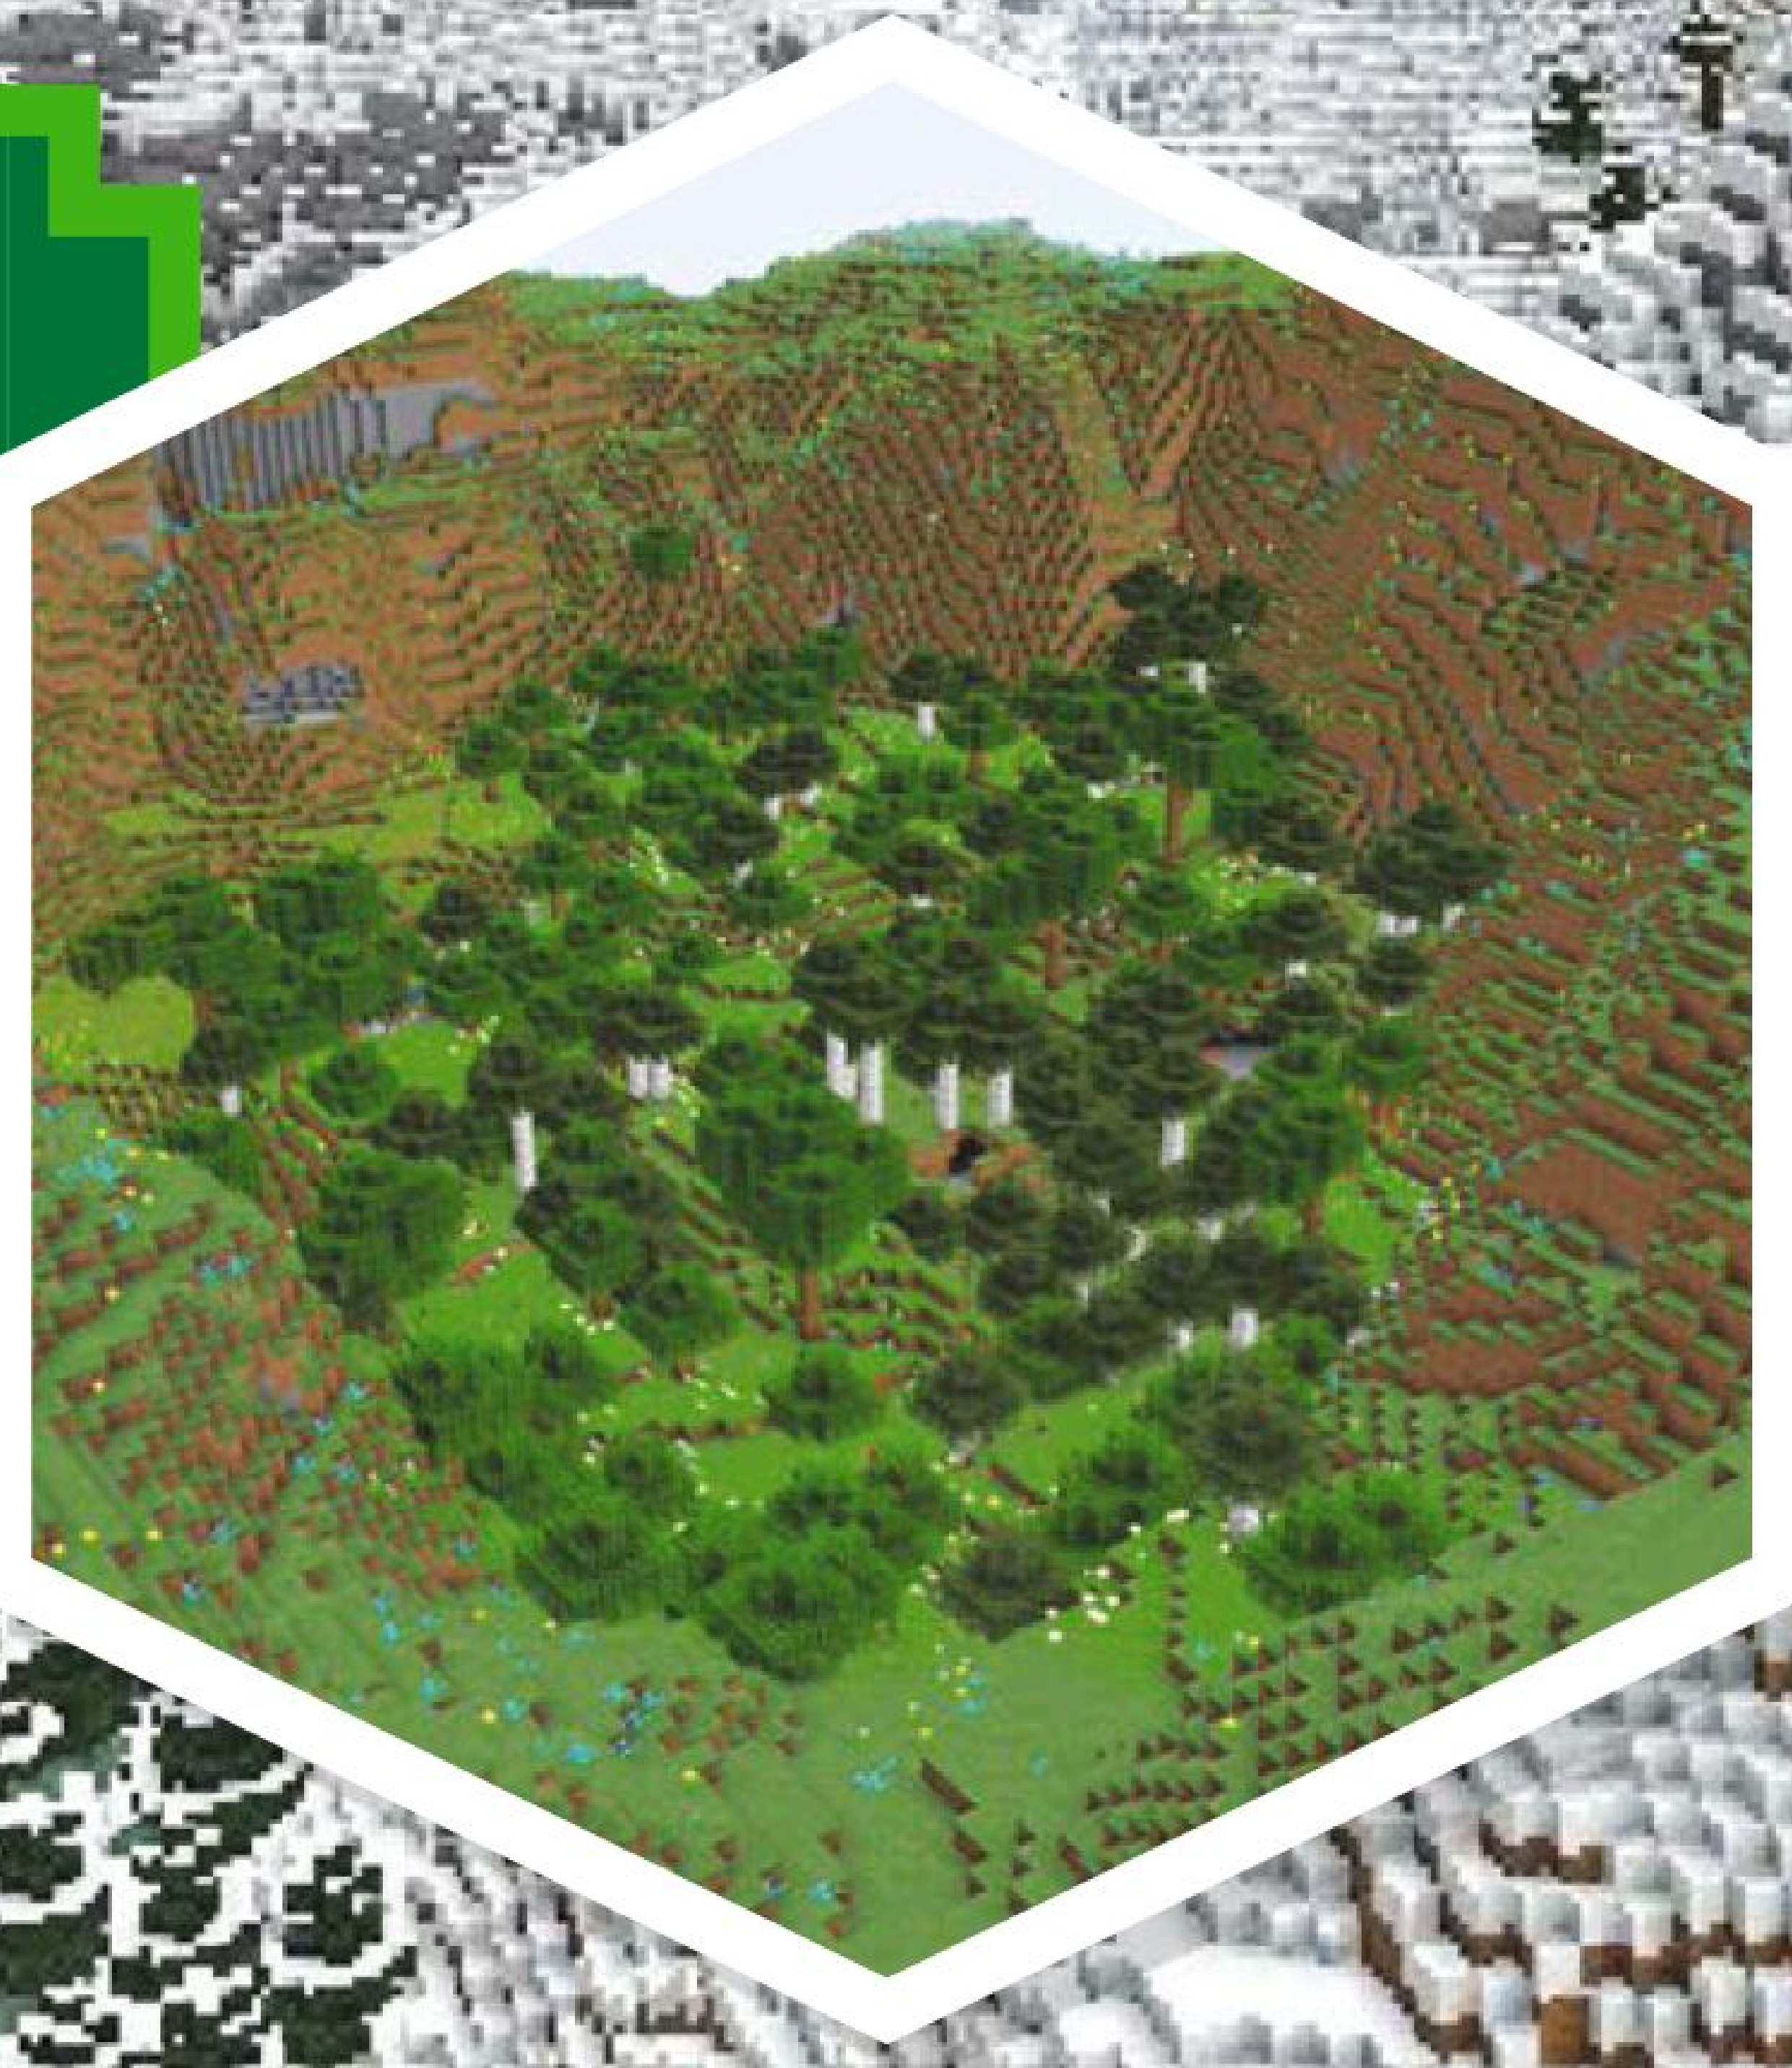
ALL ABOUT... MOUNTAINS

LEARN ALL ABOUT THESE TYPES OF SLOPES TO MAKE YOURSELF A MOUNTAIN MASTER!

MEADOW

This grassy slope is a great place to find flowers, trees and field-loving creatures. You will mostly come across the **Meadow** slope near the bottom of the mountains where both **Pillagers** and **Villagers** can spawn! You won't find any villages in other mountain biomes, though, so get your trading and prep done before heading further up.

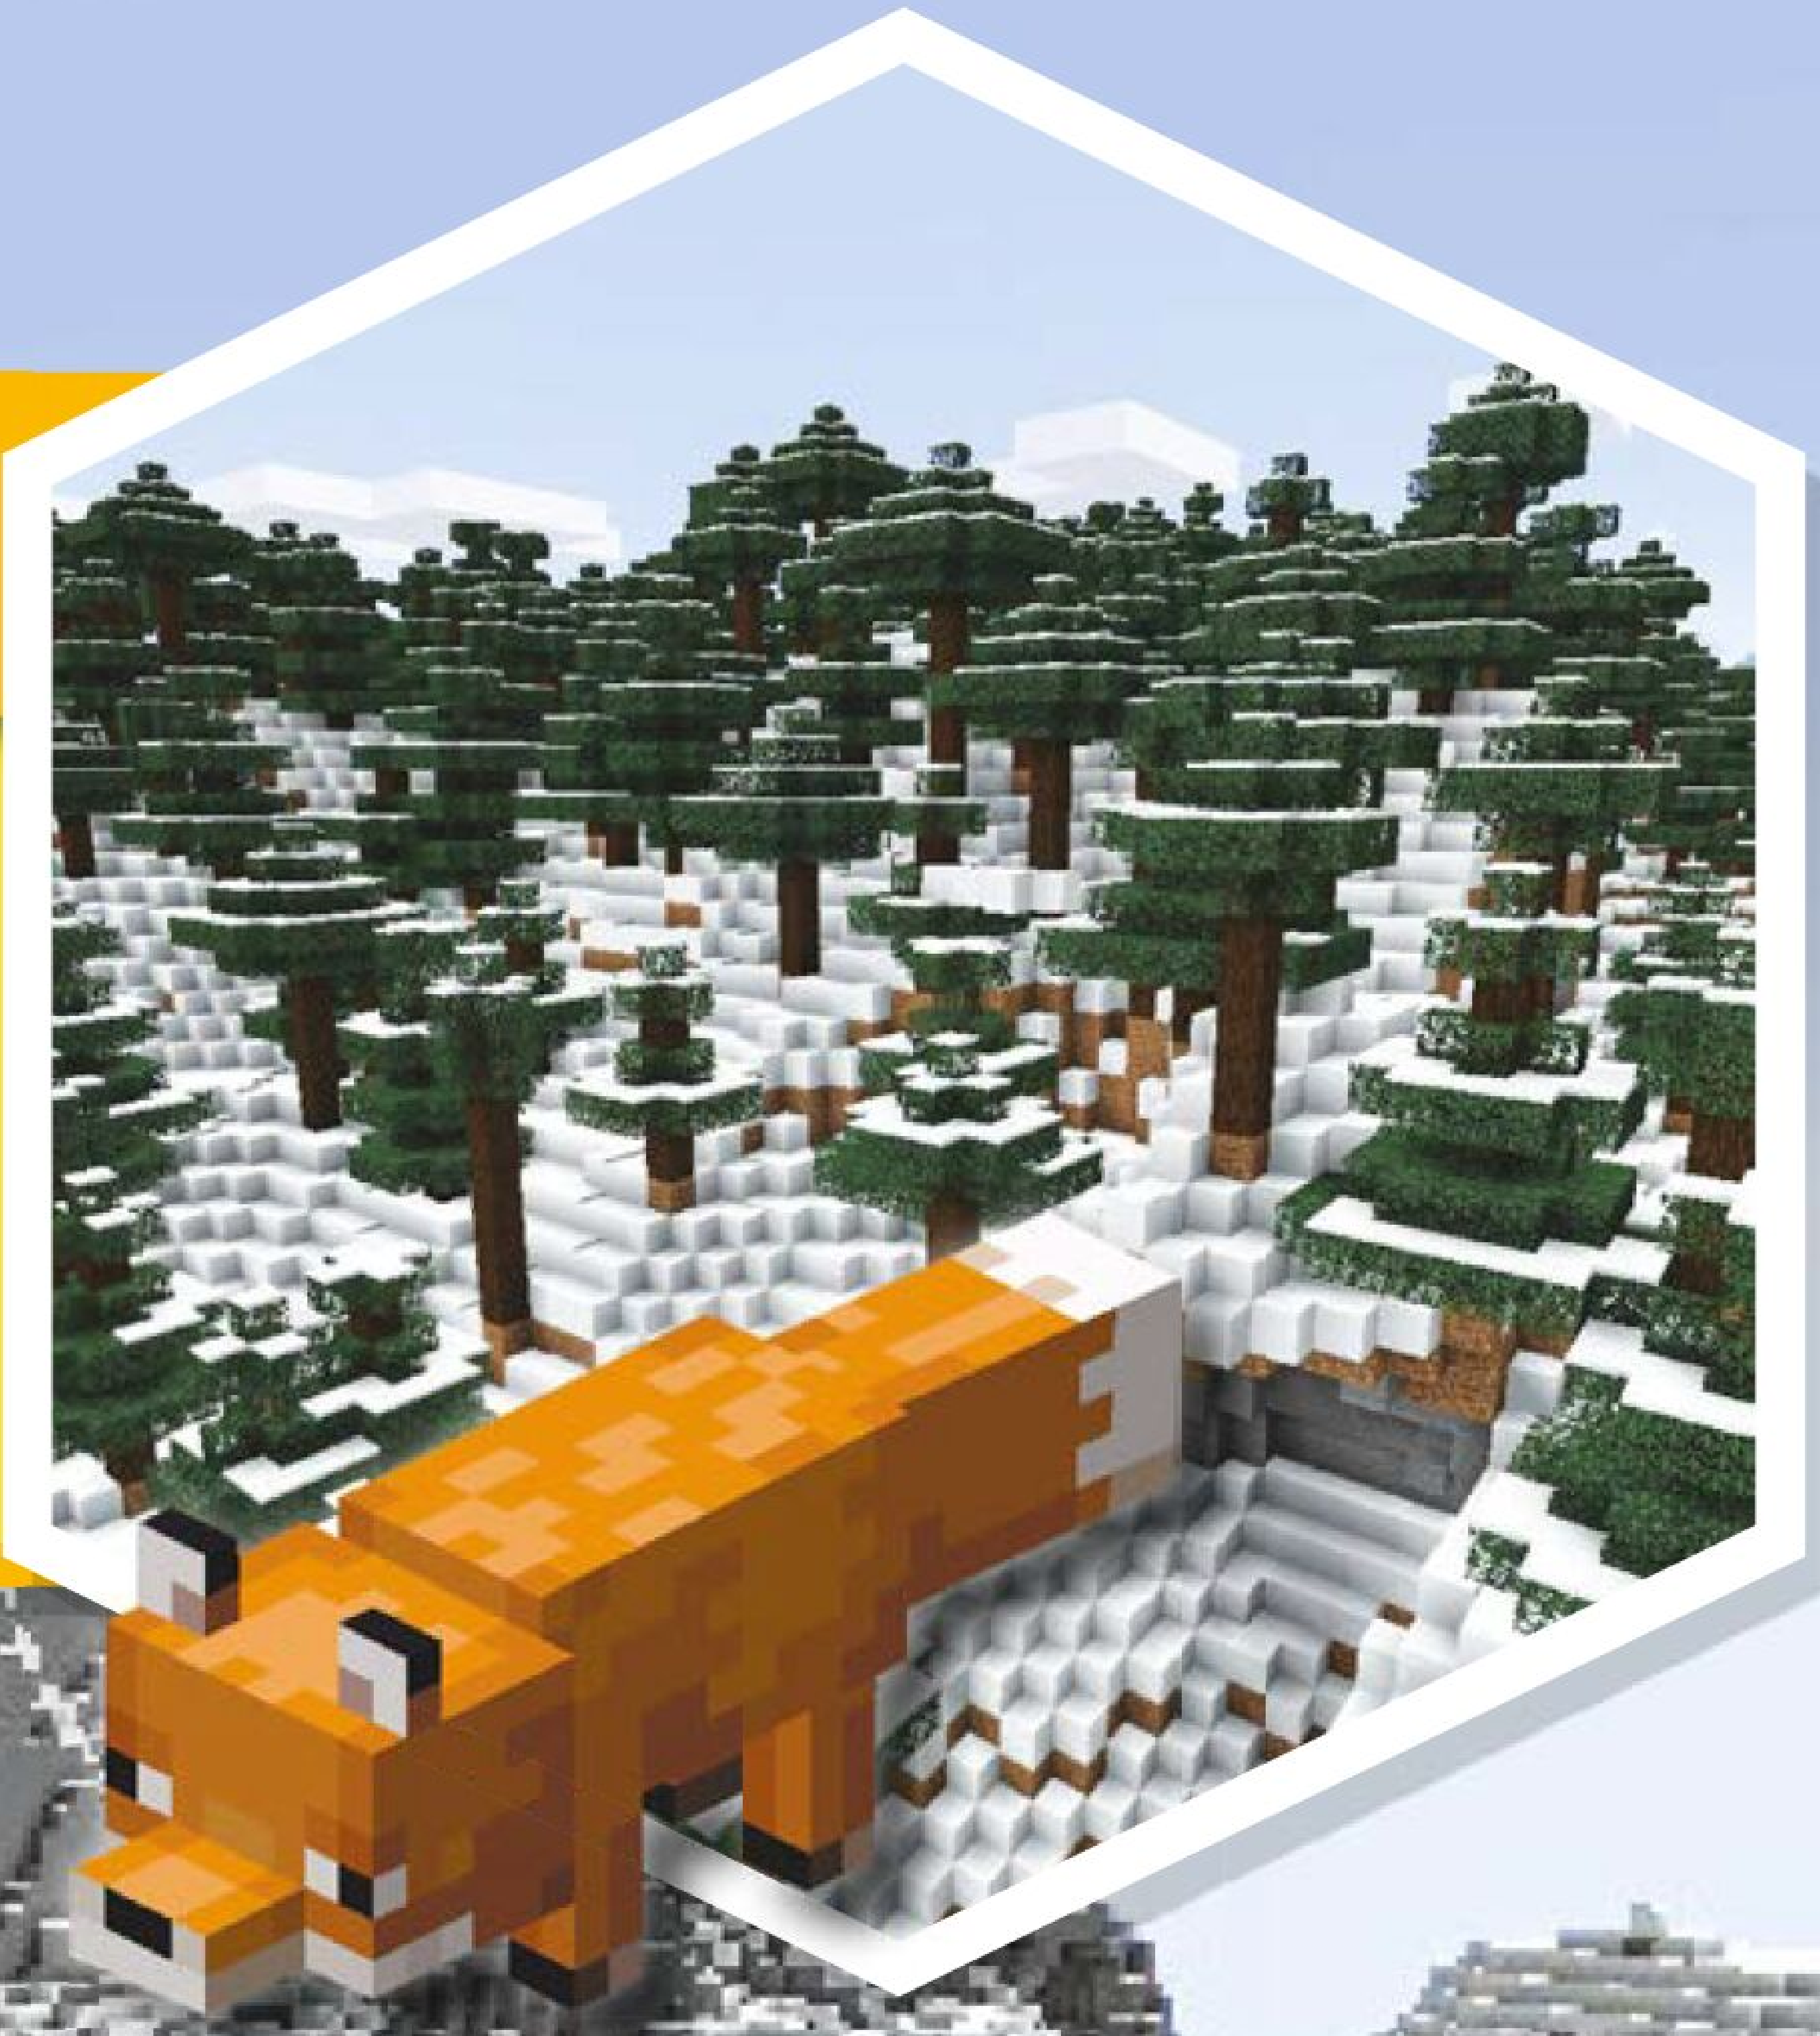


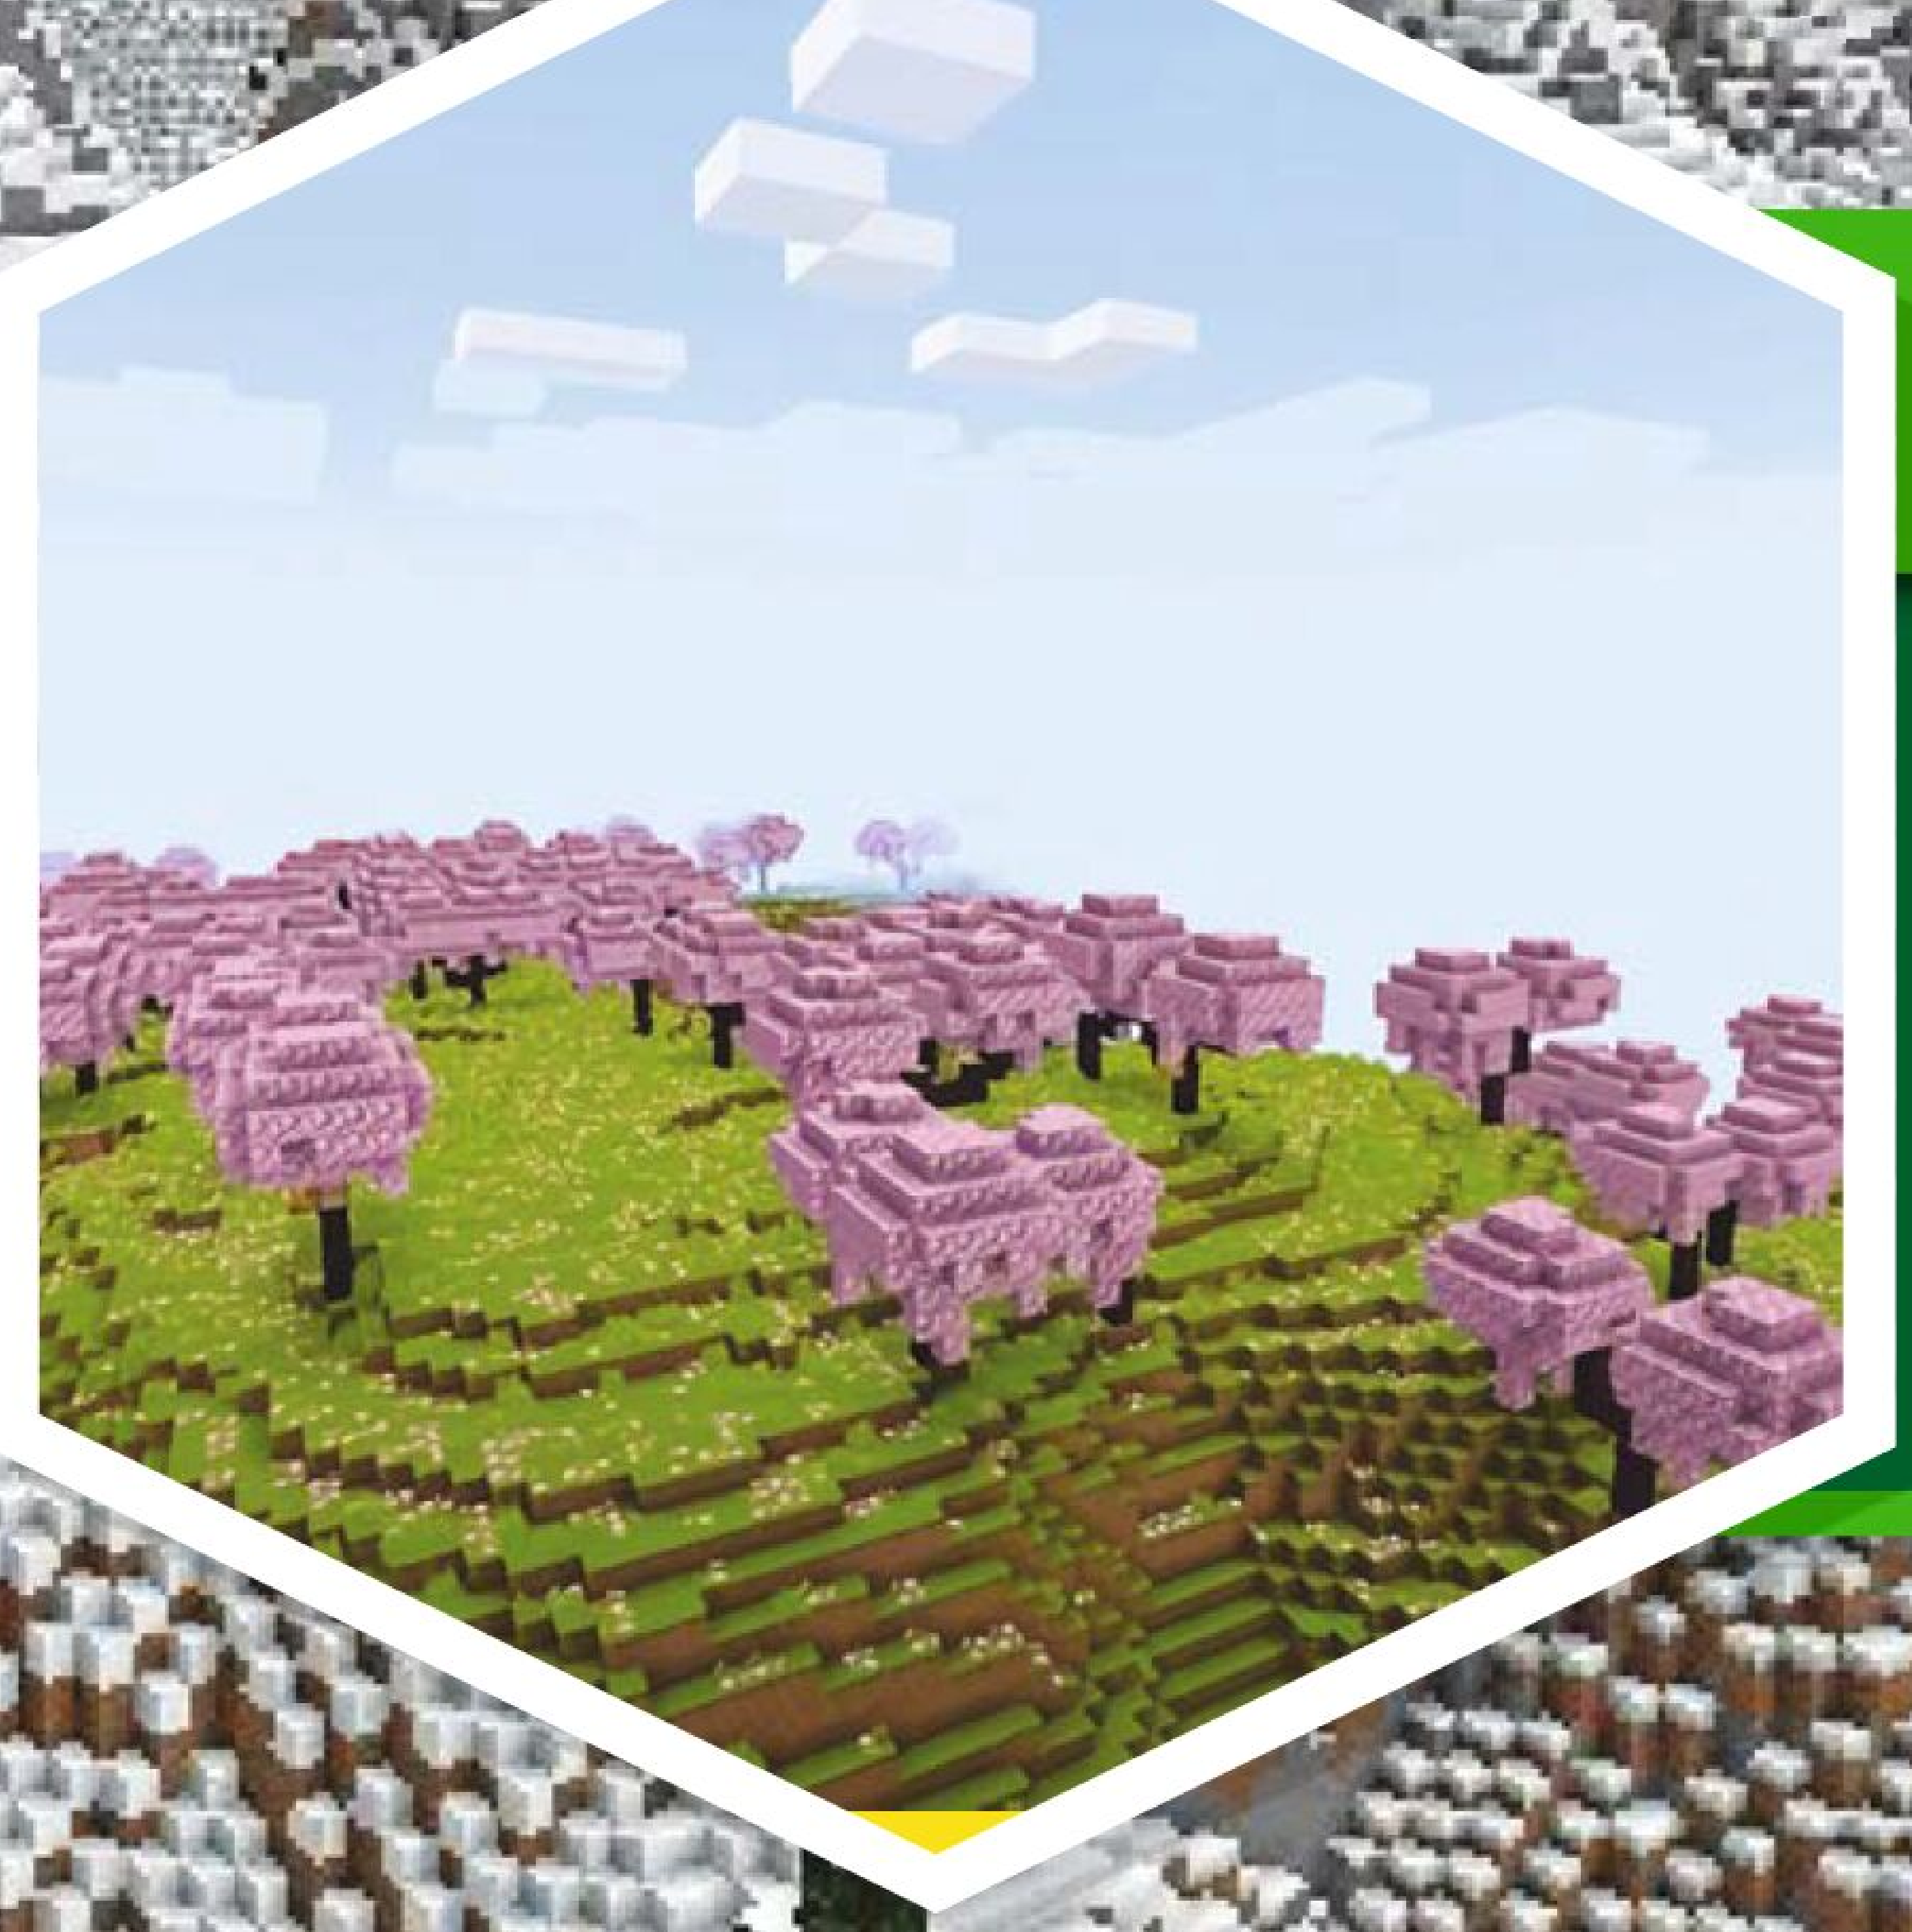
FUN FACT

Minecraft: The Mountain is the title of the seventh **Minecraft** novel which was released in 2021. A brand-new sequel, **Minecraft: The Village** is out now!

GROVE

The **Grove** is very different to the **Cherry Grove**. It spawns at high heights, is filled with spruce trees, and the floor is covered in a layer of snow. **Rabbits**, **Red Foxes**, and **Wolves** can spawn in **Groves** so don't get caught out playing in the snow!





CHERRY GROVE

You may be able to guess that the main feature of this mountain area is the cherry trees! The bright pink petals look incredible when you find them, but there's more to this biome than meets the eye. Start digging down and you will soon find emeralds!

SNOWY SLOPES

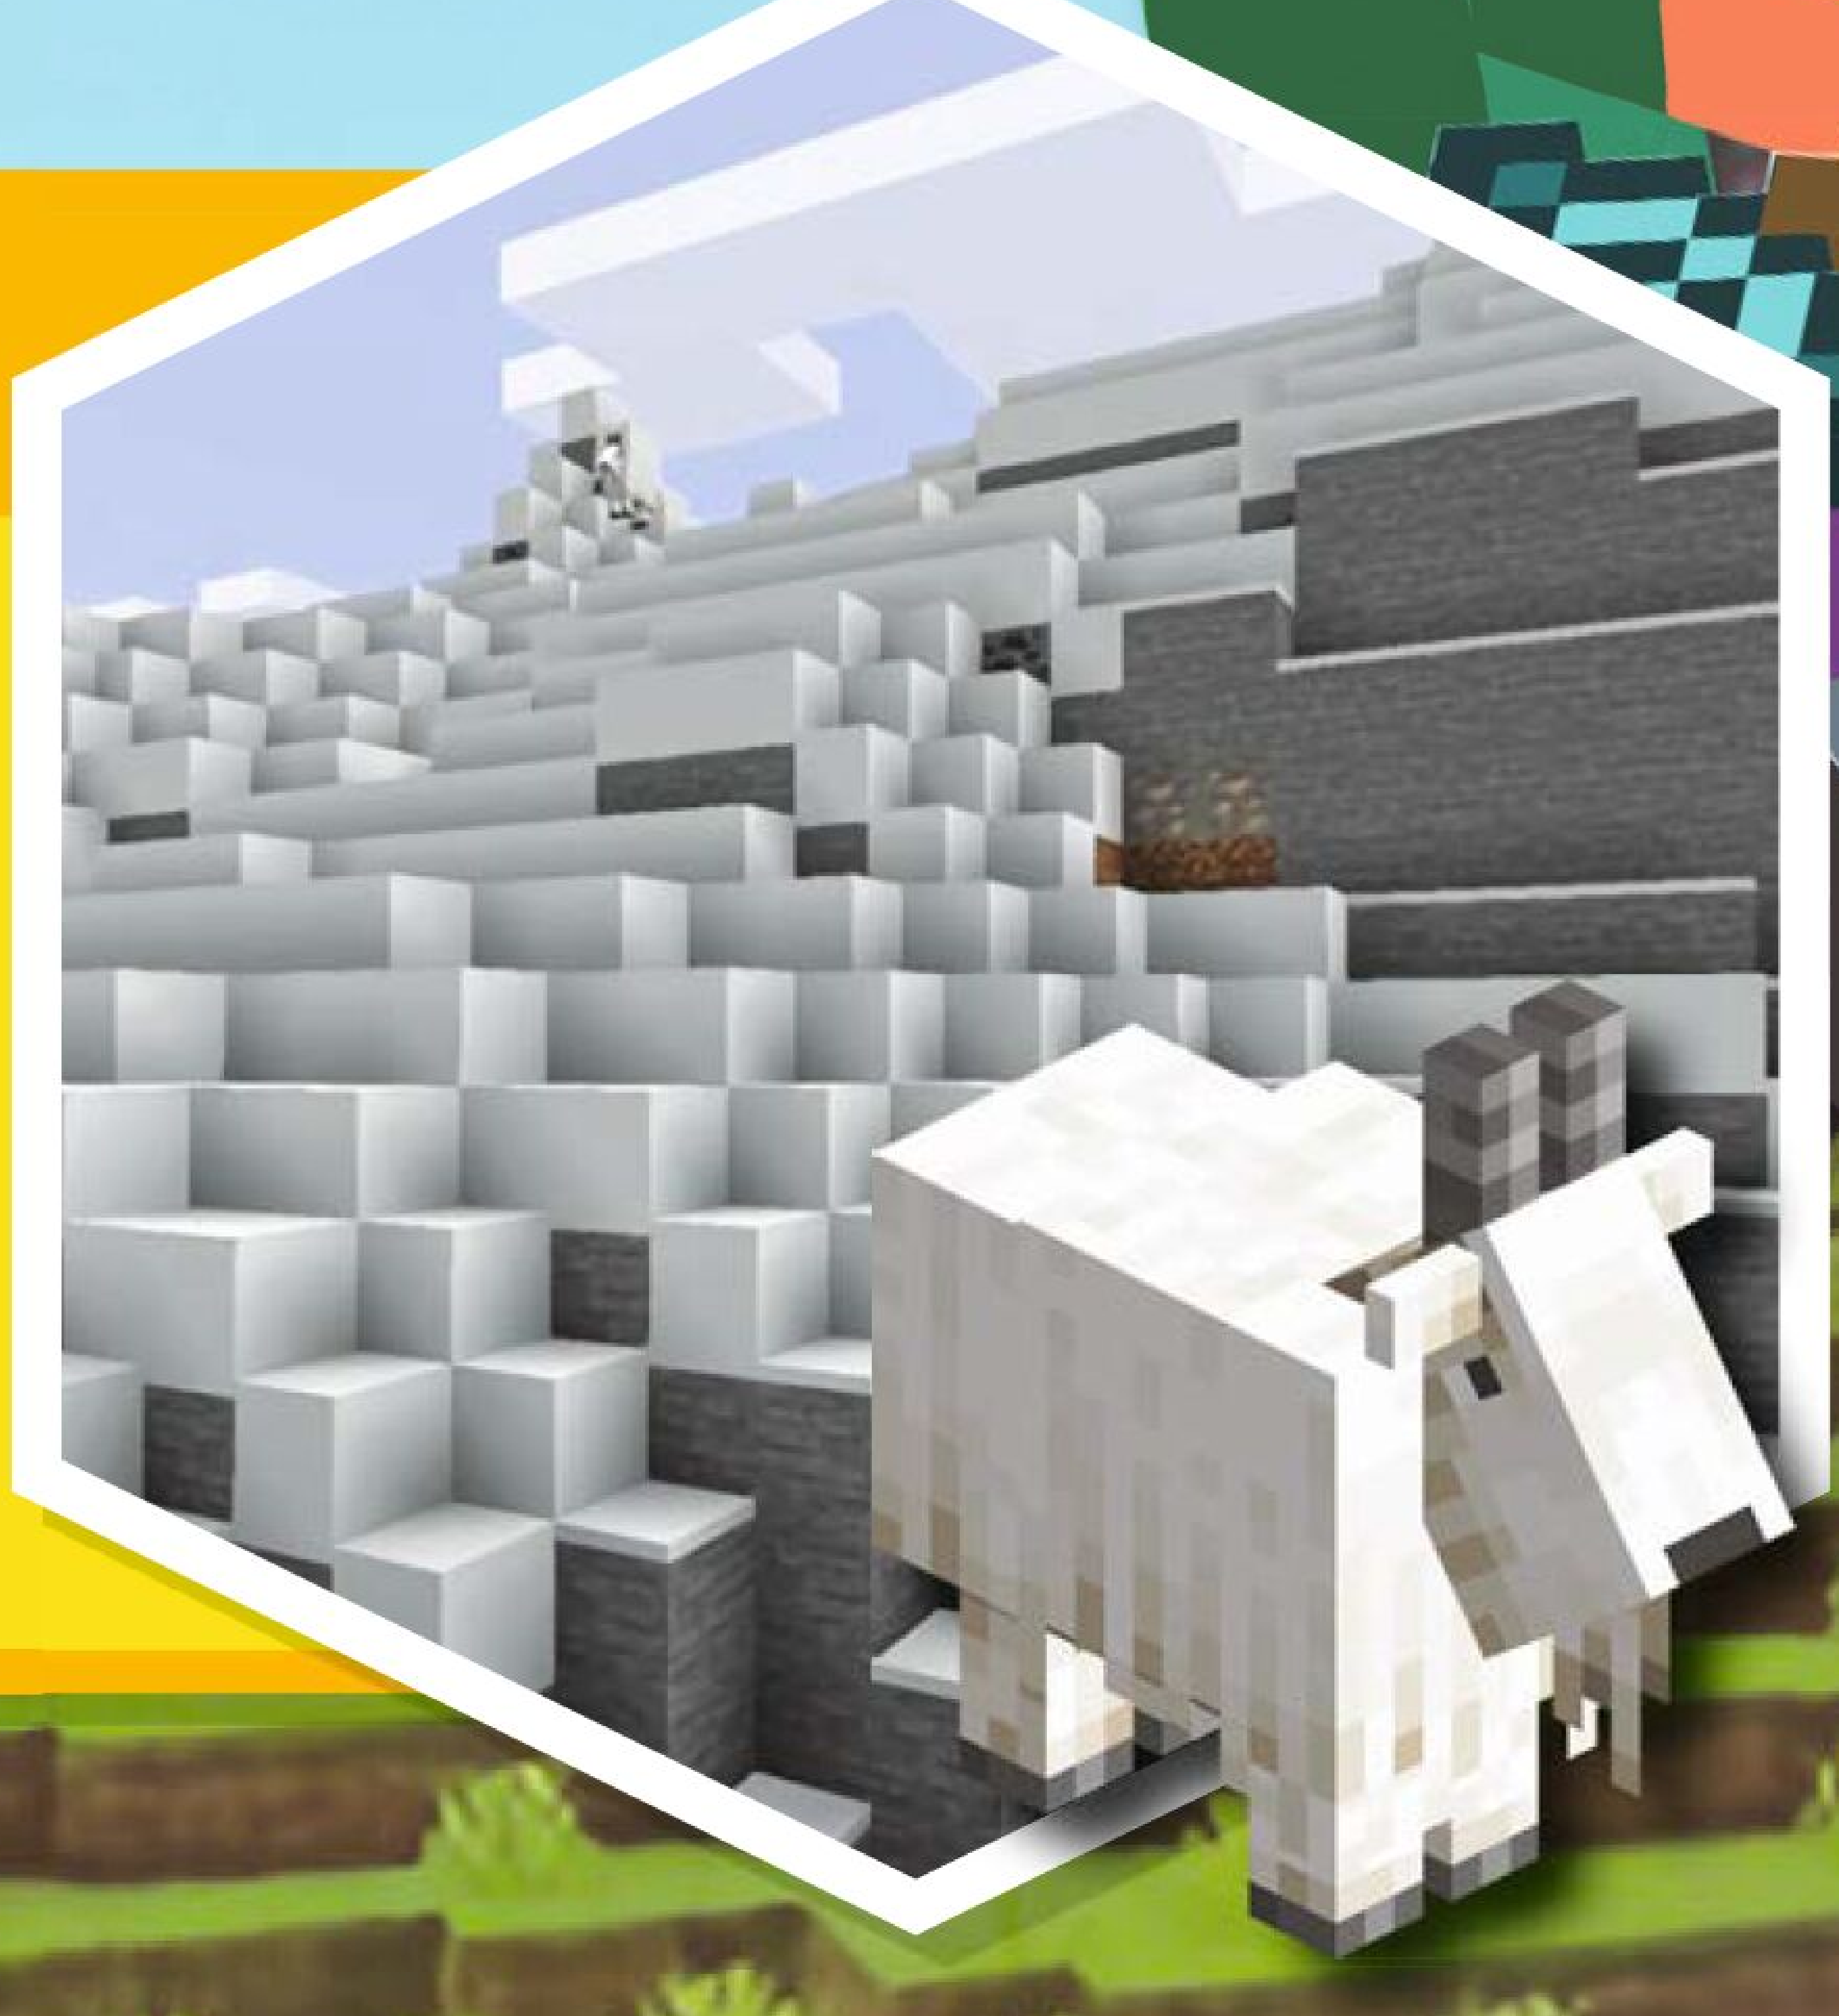
This slope biome is mostly empty of plant life except for an occasional tree. You can find **Goats** hanging out on the cliffs here, though. That might be why the **Polar Bears** are here too! Look around enough, you might even find a mountainside igloo!

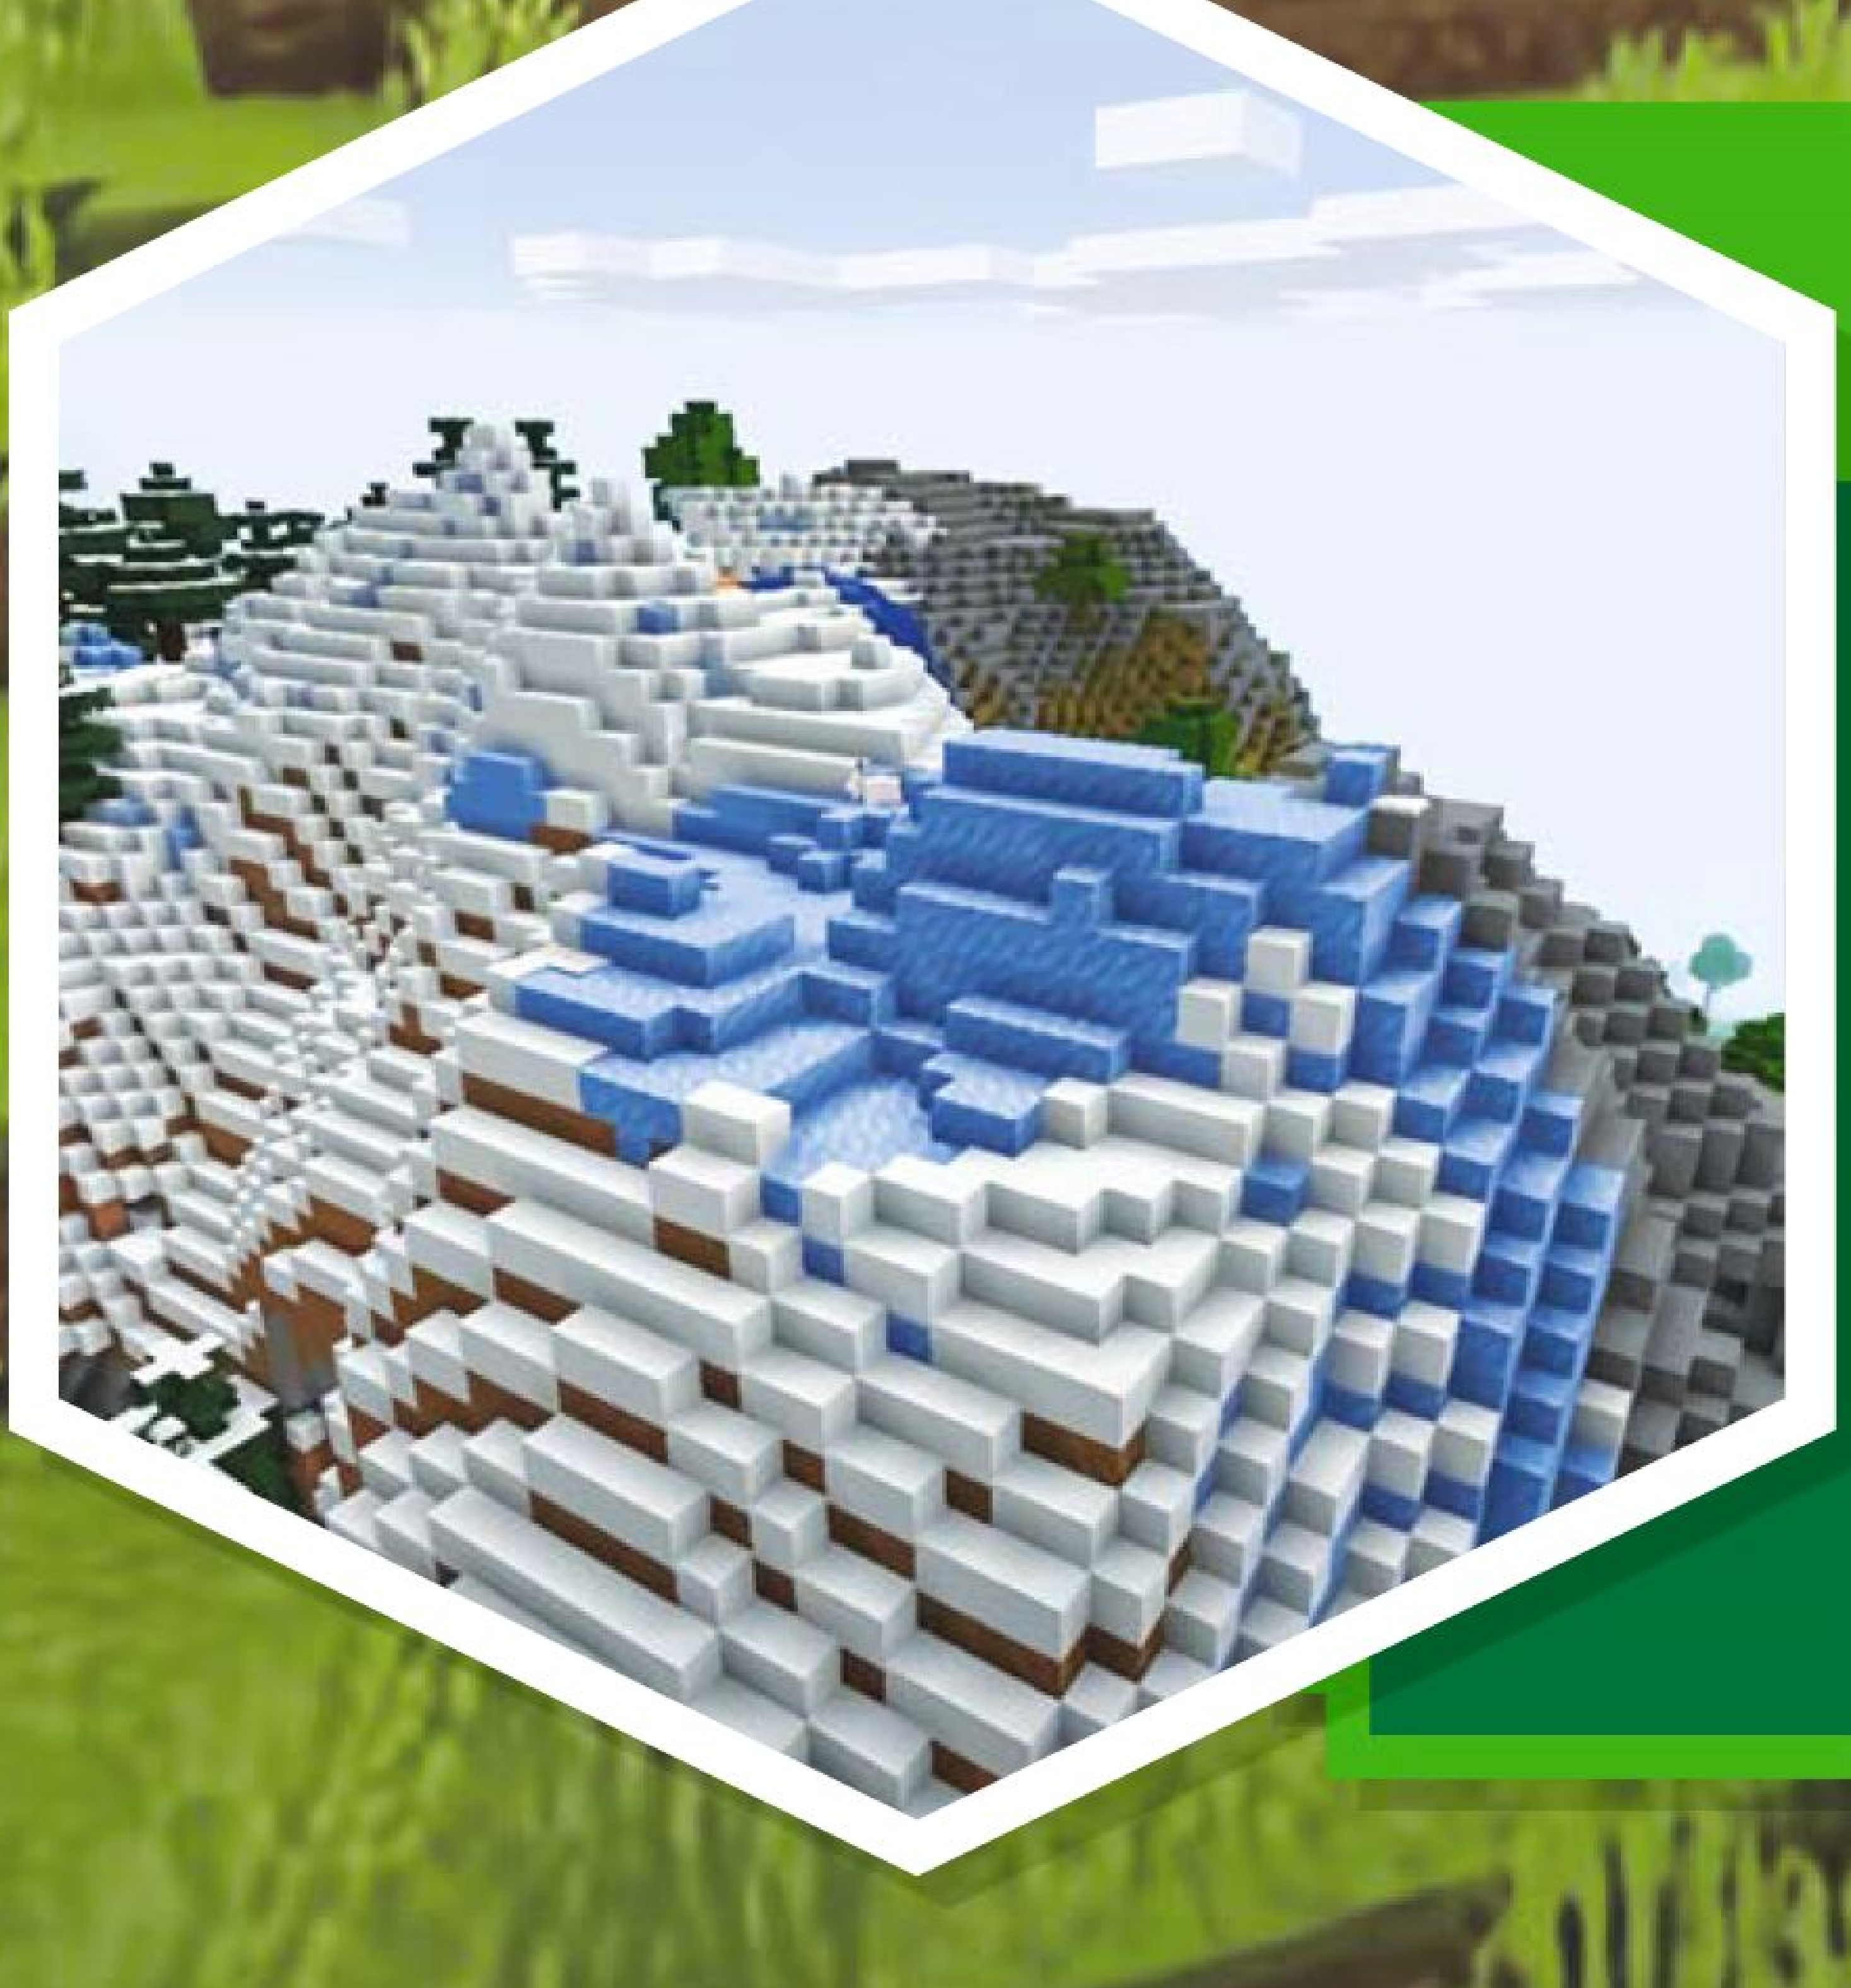
DEEP DIVE

PAST THE SLOPES, IT'S TIME TO PEEK AT THE PEAKS!

JAGGED PEAKS

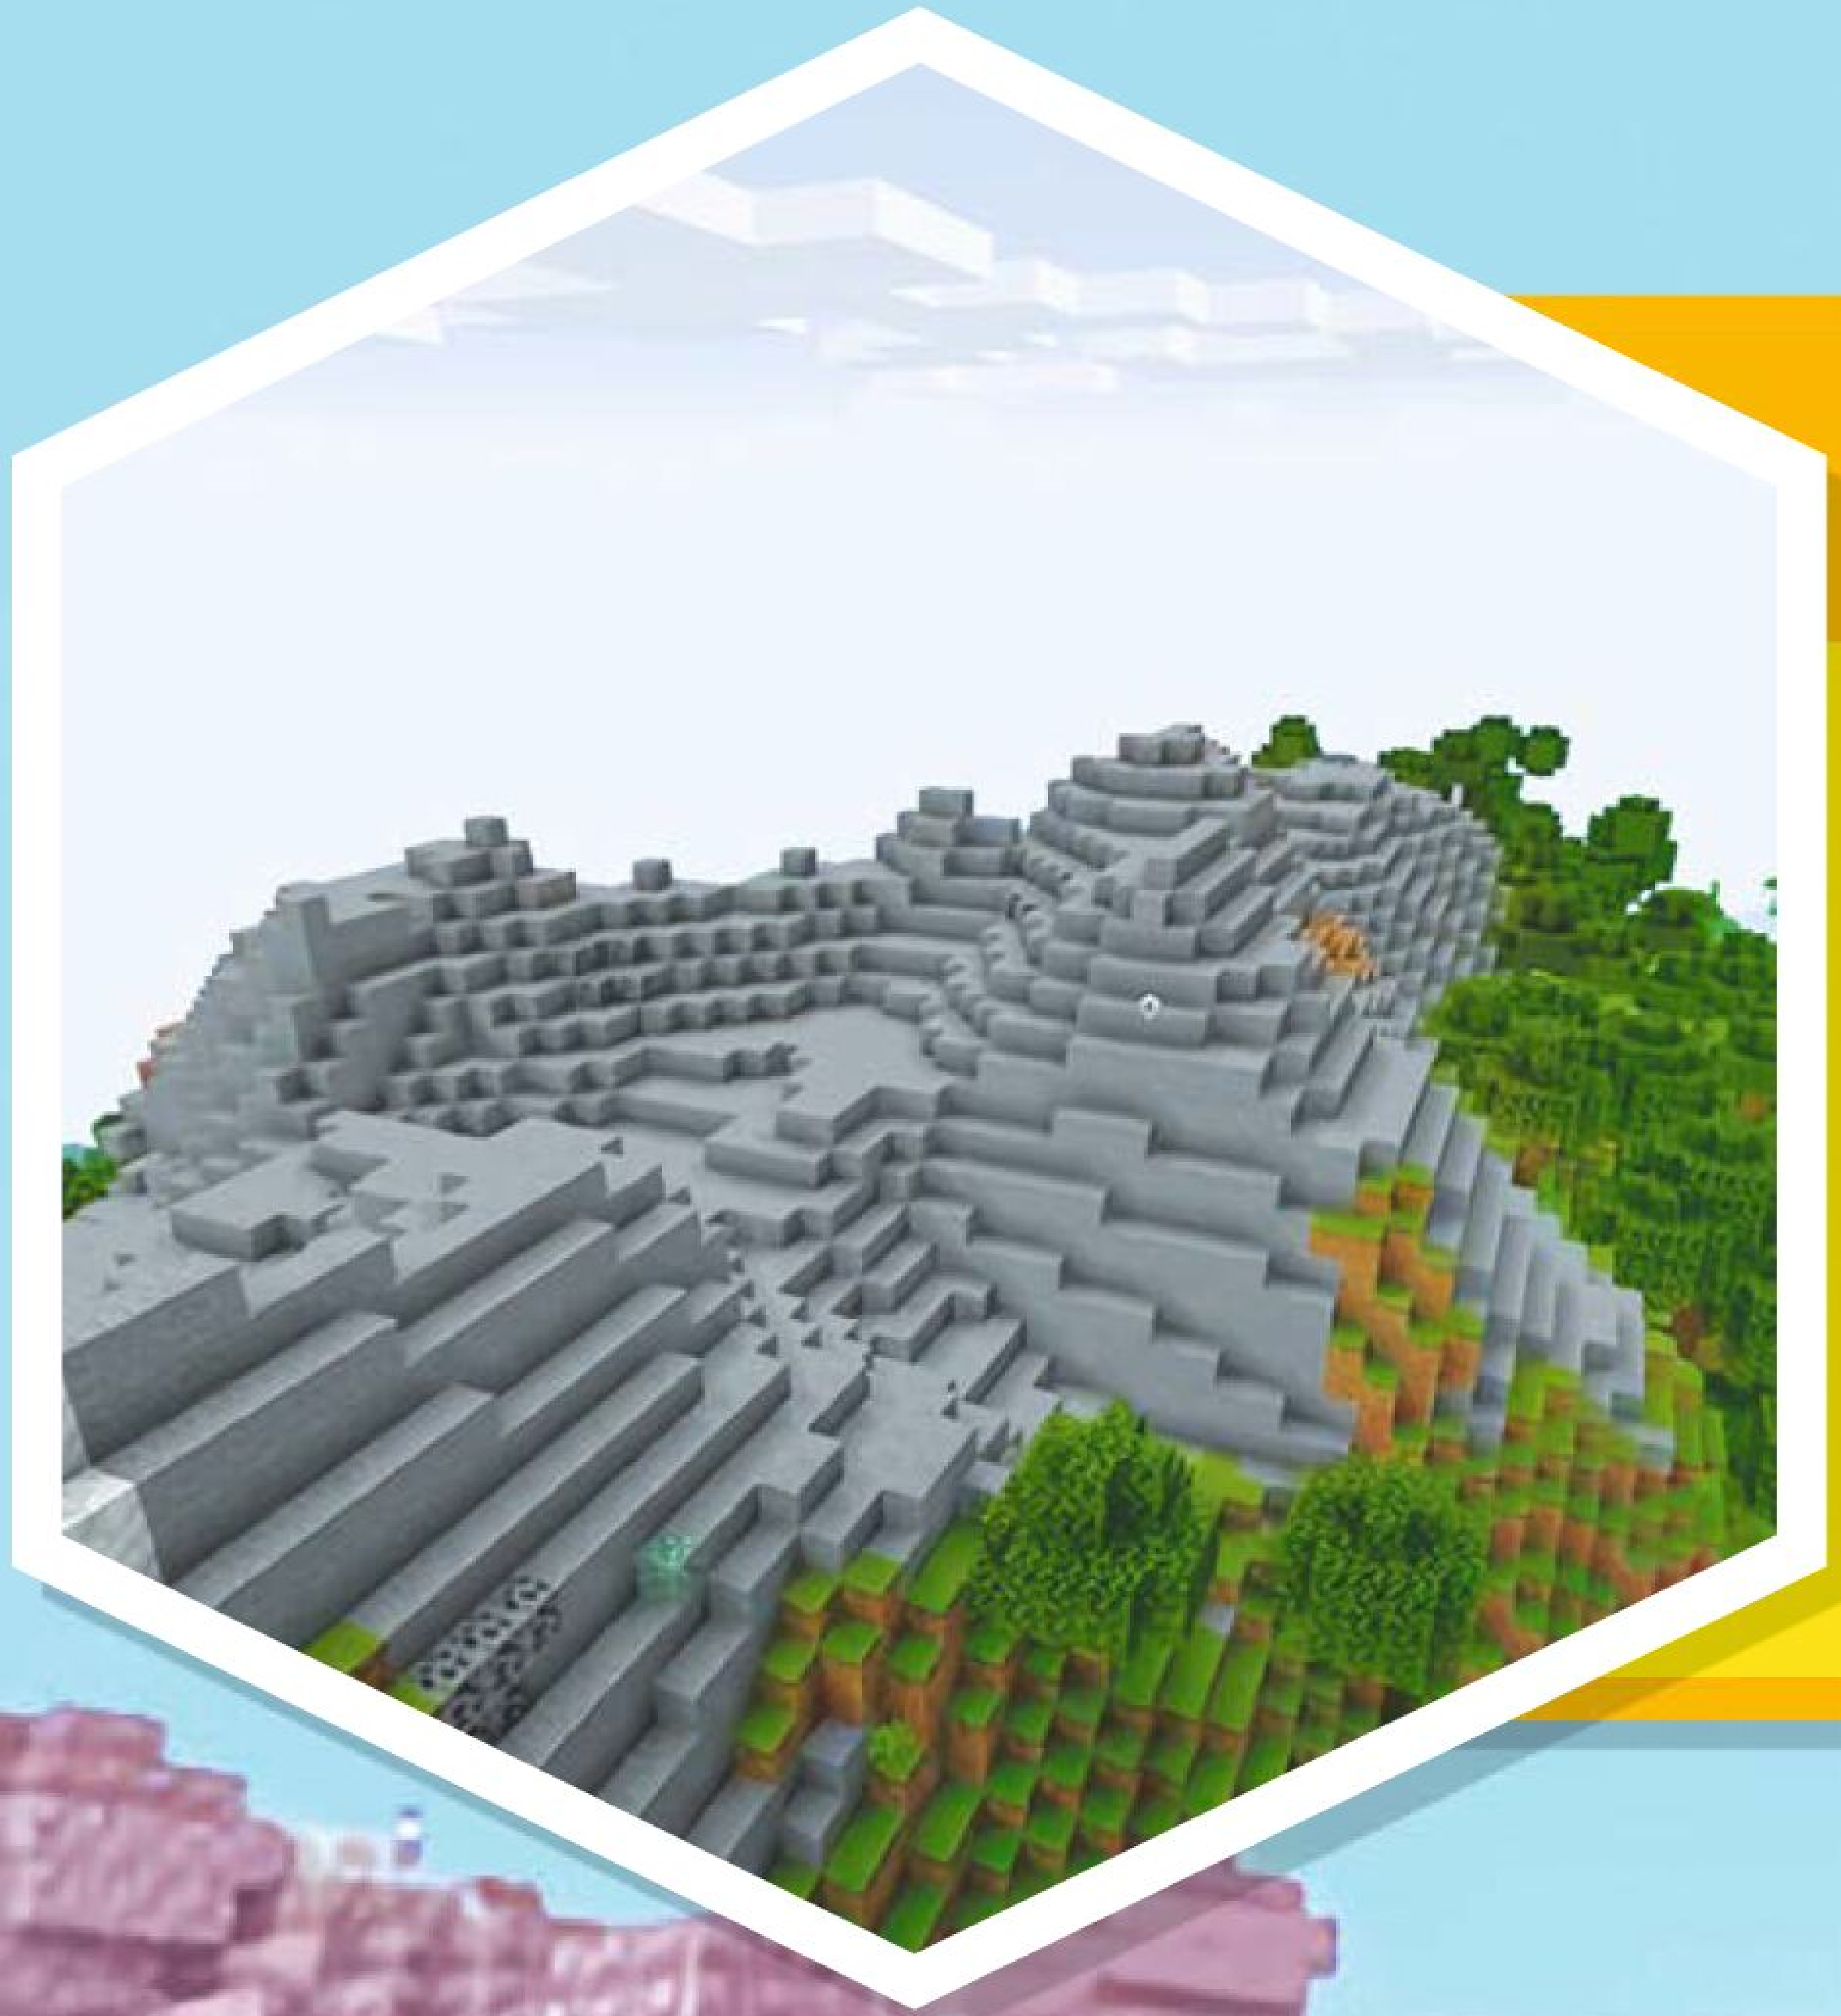
These tall, pointy peaks generate on the top of mountains in snowy, cold, or temperate biomes. The ground is covered in a layer of snow with some rock sticking through. If you take the time to look around, you might notice that those bits sticking out can contain iron, coal, or emerald! Just be careful not to fall off while searching... and look out for the Goats!





FROZEN PEAKS

As the name suggests, the Frozen Peaks are covered in snow, snow blocks and ice. In fact, you can find glaciers of packed ice blocks up here. There aren't many other places you will find those! You'll only find these mountaintops in colder biomes, and normally only on smoother mountains with fewer steep cliffs.



STONY PEAKS

What do you find at the top of mountains in warmer biomes? **Stony Peaks**, of course! These aren't covered in snow but instead have a vibrant green colour to them with stone and ore poking through the surface. You will be able to find calcite here if you are looking for some nice, decorative stone.

MOUNTAIN-TOP TIPS

- COME PREPARED WITH COMMON BLOCKS OR LADDERS TO HELP YOU CLIMB THOSE CLIFFS THAT ARE JUST OUT OF REACH.
- ENCHANT YOUR BOOTS WITH FEATHER FALLING TO PREVENT DAMAGE FROM FALLING OFF!
- YOU NEVER KNOW WHAT YOU'LL COME ACROSS ON YOUR ASCENT SO MAKE SURE TO HAVE A SWORD OR OTHER WEAPON TO DEFEND YOURSELF.

The OG **Among Us** level, **The Skeld** is an awesome place to get to grips with the game and try out new tactics. If you're playing as a **Crewmate**, be sure to swing by Security on your way to different tasks. This might just let you catch an **Imposter** in the act or give you a heads up on a body before it's been reported. But watch out – if an **Imposter** catches you in here, it could be game over!

Unlike other **Among Us** maps, you won't be able to rely on Security to help you see what's going on. Instead, **MIRA HQ** has a unique doorlogs system that shows you who's been moving around the map and might reveal if an **Imposter** has been using vents to get around. POLUS

Brrr! This chilly level boasts a huge map with lots of space between the different areas. This means you'll need to watch your back as there's unlikely to be any witnesses around if the **Imposter** strikes you down. Near the end of the lap, hit the floating cloud as you glide to reveal a secret, faster track.

WAVE 5: SQUEAKY CLEAN SPRINT

I'VE GOT IT BLADE!
ROBLOX
F2TM

Each month we check out **Fraser2TheMax's** fave **Roblox** game. This month, it's **Blade Ball**!

WHAT IS IT?

"In **Blade Ball**, a magical ball chooses its target and flies towards players' faces. Use your sword to smack the ball to other players, eliminating them until only one remains! You might even have a unique ability like freezing the ball in place for an easy hit or smacking it with even more power. The longer the ball goes without hitting anyone, the angrier and faster it gets!"

BEST BIT!

"The best part of this game is the different sword skins you can unlock! They range from totally radical to completely silly, like a hotdog sword, a frying pan or even just an entire tree! They allow you to flex just how cool you are before smacking the other players in the face with a mystical dodgeball!"
